DOLLAR-POUND STABILISATION DISCUSSIONS

Canada Goes Officially Off the Gold Standard

FINAL DECISIONS FOR LONDON

MacDONALD-ROOSEVELT TALKS STATEMENT

VIRTUALLY COMPLETE

WASHINGTON, APR. 24.

THE CONVERSATIONS BETWEEN MR. RAMSAY MACDONALD AND PRESIDENT ROOSEVELT AND BETWEEN ANGLO-AMERICAN ECONOMIC EXPERTS, HAVE BEEN VIRTUALLY COMPLETED.

A joint statement issued from the White House expresses the deep satisfaction of Mr. MacDonald and the President at the outcome of the discussions which were undertaken to explore the problems of the World Economic Conference.

The statement enumerates the matters considered, namely, world price levels, central bank policies, monetary standards, exchange restrictions, the improvement of the status of silver and a number of world trade problems, particularly limitation of restrictions.

Final agreement on these matters is reserved for the World Economic Conference will, very likely, open in the middle of June.

SILVER JUMPS TO NEW HIGH LEVEL

Meanwhile it is learned from Ottawa that an Order-in-Council has been passed suspending the redemption of Dominion notes in gold.

The date of its operation has not yet been fixed.

It is officially stated that the Order-in-Council merely regularises the situation which has existed in reality ever since Britain went off the gold standard.

COMMITTEE MEETING.

London, April 24.—The efforts which are being made to press on with arrangements for the World Economic Conference were further evidenced to-day when an invitation to his colleagues on the Organising Committee to meet in London on April 29 was sent by Sir John Simon, chairman of the Committee, through the Secretariat of the League of Nations.—Reuter.

STABILISATION ISSUE.

Regarding the conversations in Washington between the Anglo-American economic experts, the reports that they have disagreed on the rates for stabilisation of the dollar and the pound are denied. It is understood that the discussions hitherto have been concerned with the conditions upon which stabilisation can be made possible and the methods of determining the best rate.

BORAH'S BOMBHELL.

In the meantime, a small bombshell has been thrown into the Government's proposals for large-scale inflation, Senator Borah having challenged the constitutional position of the President.

It is learned that Mr. O'Brien, the Attorney-General, is now engaged in an investigation of the raised by Senator Borah as to whether it is constitutionally possible to empower President Roosevelt to lower the gold content of the dollar.

PREMIER BUSY.

The Washington talks were resumed early to-day. Before the White House meeting, Mr. Ramsay MacDonald, accompanied by Miss

Shelby, had breakfast with Senator Doherty and later the Prime Minister visited Senator David Reed, who was one of the United States delegates to the London Naval Conference.

Mr. Cordell Hull, United States Secretary of State, and Mr. Phillips, Assistant Secretary, were in attendance at the White House when President Roosevelt received Mr. MacDonald, who was accompanied by the British Ambassador, Sir Ronald Lindsay.

After the morning talk Mr. MacDonald lunched at the Canadian Legation.

The leader of the French delegation, Monsieur Herriot, who arrived during the week-end, was called into conference this afternoon when he was Mr. Roosevelt's guest at tea and dinner.

GERMANY'S DELEGATE.

It is learned from Berlin that Dr. Schacht, who succeeded Dr.

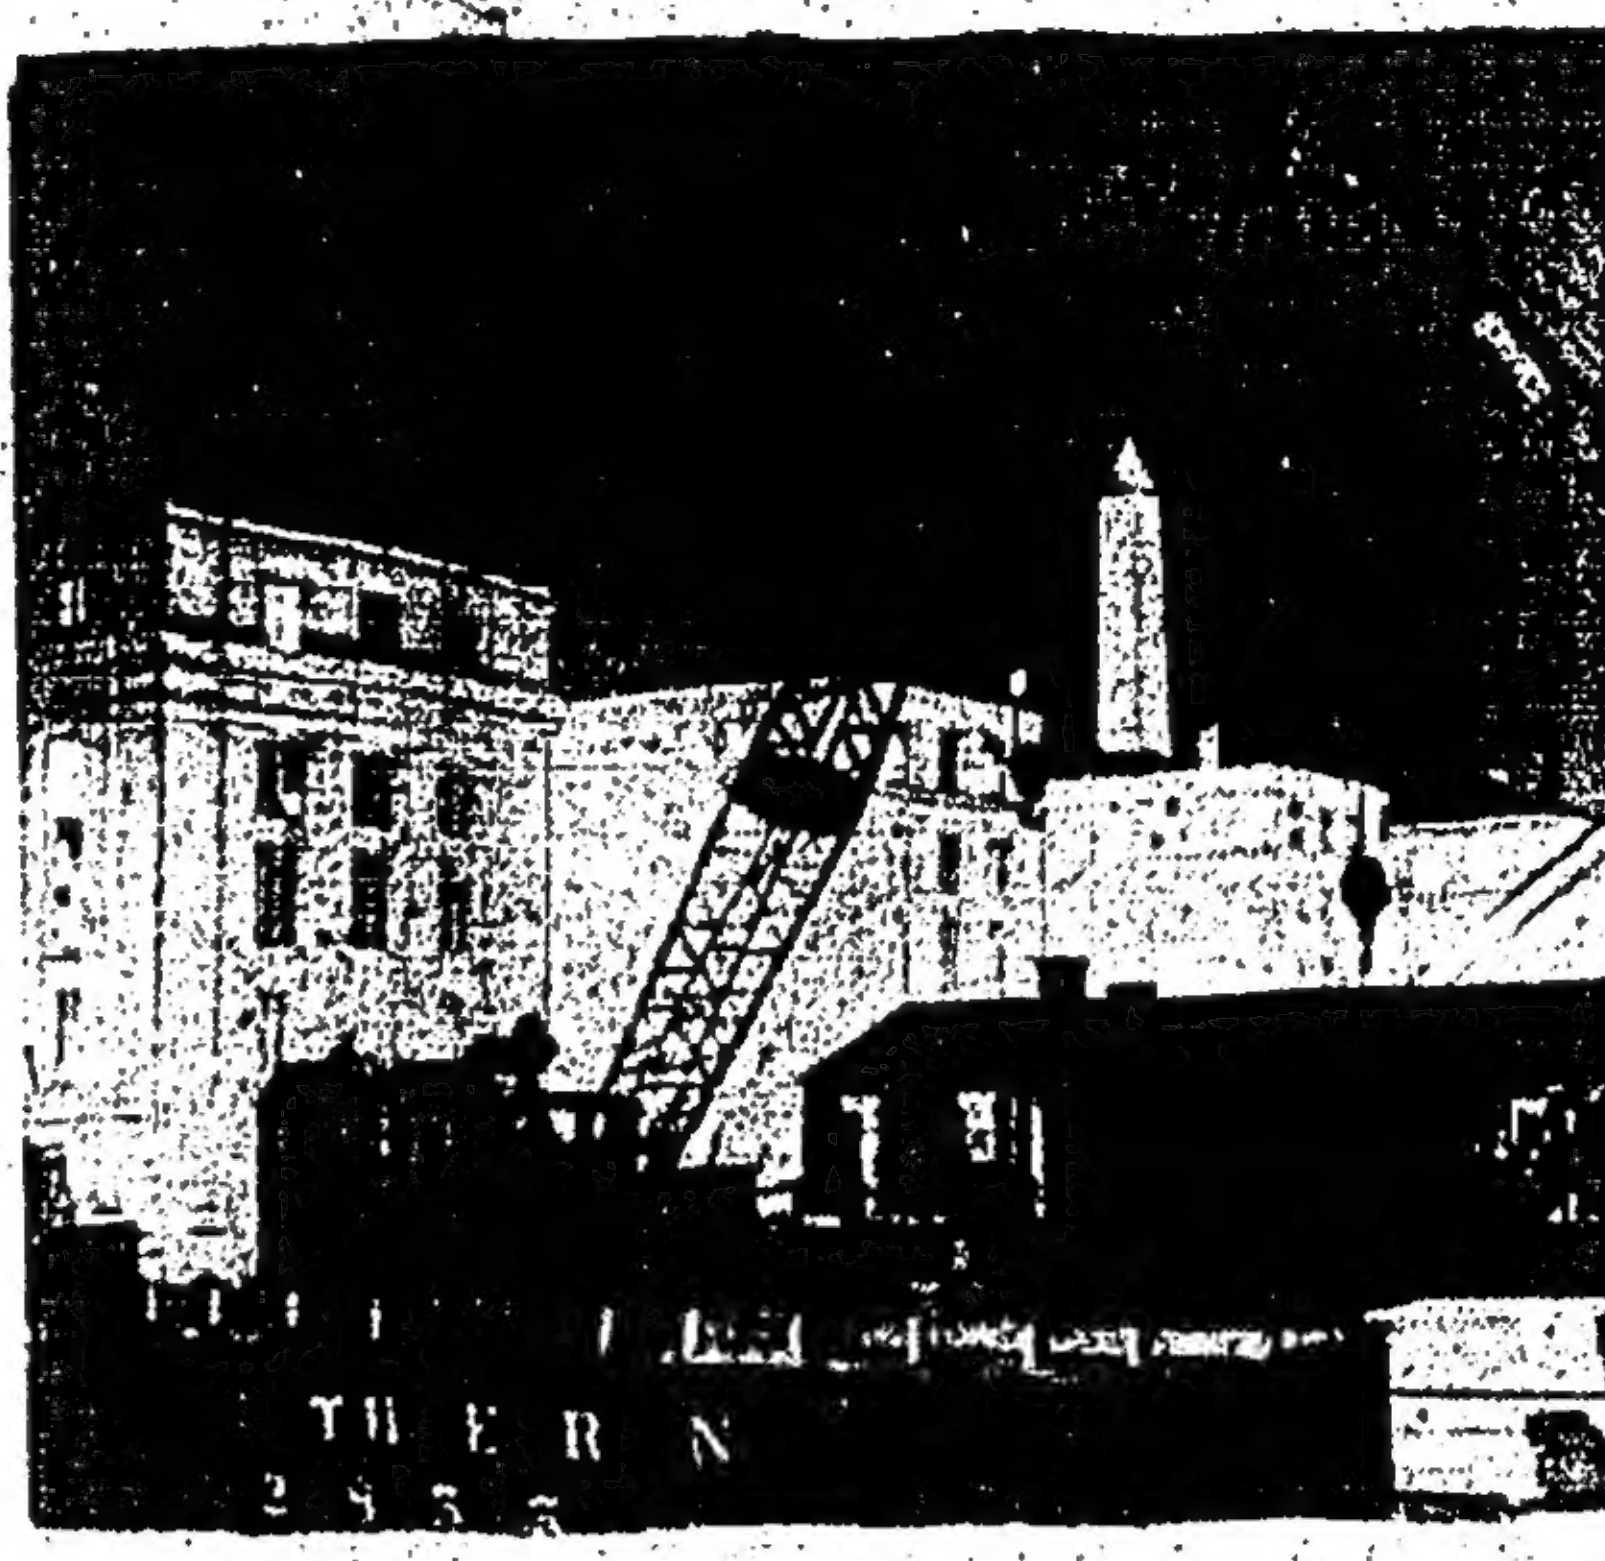

Luther as President of the Reichsbank, has been appointed to represent Germany in the economic talks at Washington. It is understood that he will leave Berlin for America almost immediately.

NEW YORK SPECULATION.

The New York Stock Market was again a scene of activity and there was considerable fluctuation in the course of the day, the net result being a slight rise all round. In the morning there was considerable speculative buying, forcing prices up, and in the afternoon a wave of profit-taking was witnessed. It caused some depression, but the market stood the selling remarkably well. Nearly five million shares changed hands, Reuter and British Wireless.

SILVER JUMP.

The Hongkong dollar rose to 1s. 4½d. this morning and the under-tone locally is firm. The rise of 15/16ths, ready and forward in London was due to heavy buying from America and

MARRIAGE BANNS POSTED

Berlin, April 24.—Despite the opposition of most of the members of the Hohenzollern family, the banns for the marriage of "Farmer" Wilhelm, Prince of Prussia, and Miss Dorothea von Salviati, have been posted up in the Town Hall at Bonn. The wedding is expected to take place in May.—Reuter.

THE WORLD OF WOMEN

Mrs. Roosevelt Poses in Inaugural Gown.

Inauguration was a "blue" day for Mrs. Franklin D. Roosevelt! The costume she wore at the ceremony was of blue shades that have been named for her, and the above pictures, especially posed by her, show how she appeared when she became the First Lady of the Land. The gown (left) is of Eleanor blue crystal velvet—a two-piece peplum dress with an unusual double-draped surplice front. The long sleeves taper to tight cuffs. The skirt, straight-line, but flaring slightly at the bottom, is ten inches from the floor. The gown and coat, as well as the matching accessories, were made by Arnold Constable, New York. The coat (shown right) is made of a darker shade of crystal velvet, called Anne blue. It is three-quarter length with shirred scarf and epaulet shoulders. The hat is of Anna blue Milan straw, and purse and pumps are of matching blue kid.

GLORIFYING YOURSELF.

By Alicia Hart

Don't greet spring with a double chin. If you have one there are ways to get rid of it. If you don't have one, but are over thirty, you should take steps to avoid ever developing one.

Nothing so disfigures a woman as a chin that has doubled itself. It adds years to your face and general appearance.

There are creams and lotions made especially for reducing a double chin. You can use them right at home, providing you follow directions closely. Of course, if you can afford it, the treatments given in beauty shops are advantageous. Any reliable shop can give you special facial treat-

ments which will tend to reduce the superfluous flesh under your normal chin-line.

Most of the preparations to be used at home should be used in conjunction with a patten. This is a long-handled stick affair which is padded on the end. You can make your own by attaching a cotton pad to the end of a stick about a foot long. Be sure it is long enough to be flexible.

The ideal time to treat your double chin is at night before you go to bed.

First, remove all dirt of the day by thoroughly cleansing your face and neck. Now apply a strong astringent to your double chin and pat the skin for ten minutes using gentle but firm, upward strokes. Now tie up your chin with a piece of linen soaked in the astringent and leave it on while you take a bath. After the bath, remove the cloth and apply the special cream or lotion for reducing chins. This should be patted in for ten minutes with

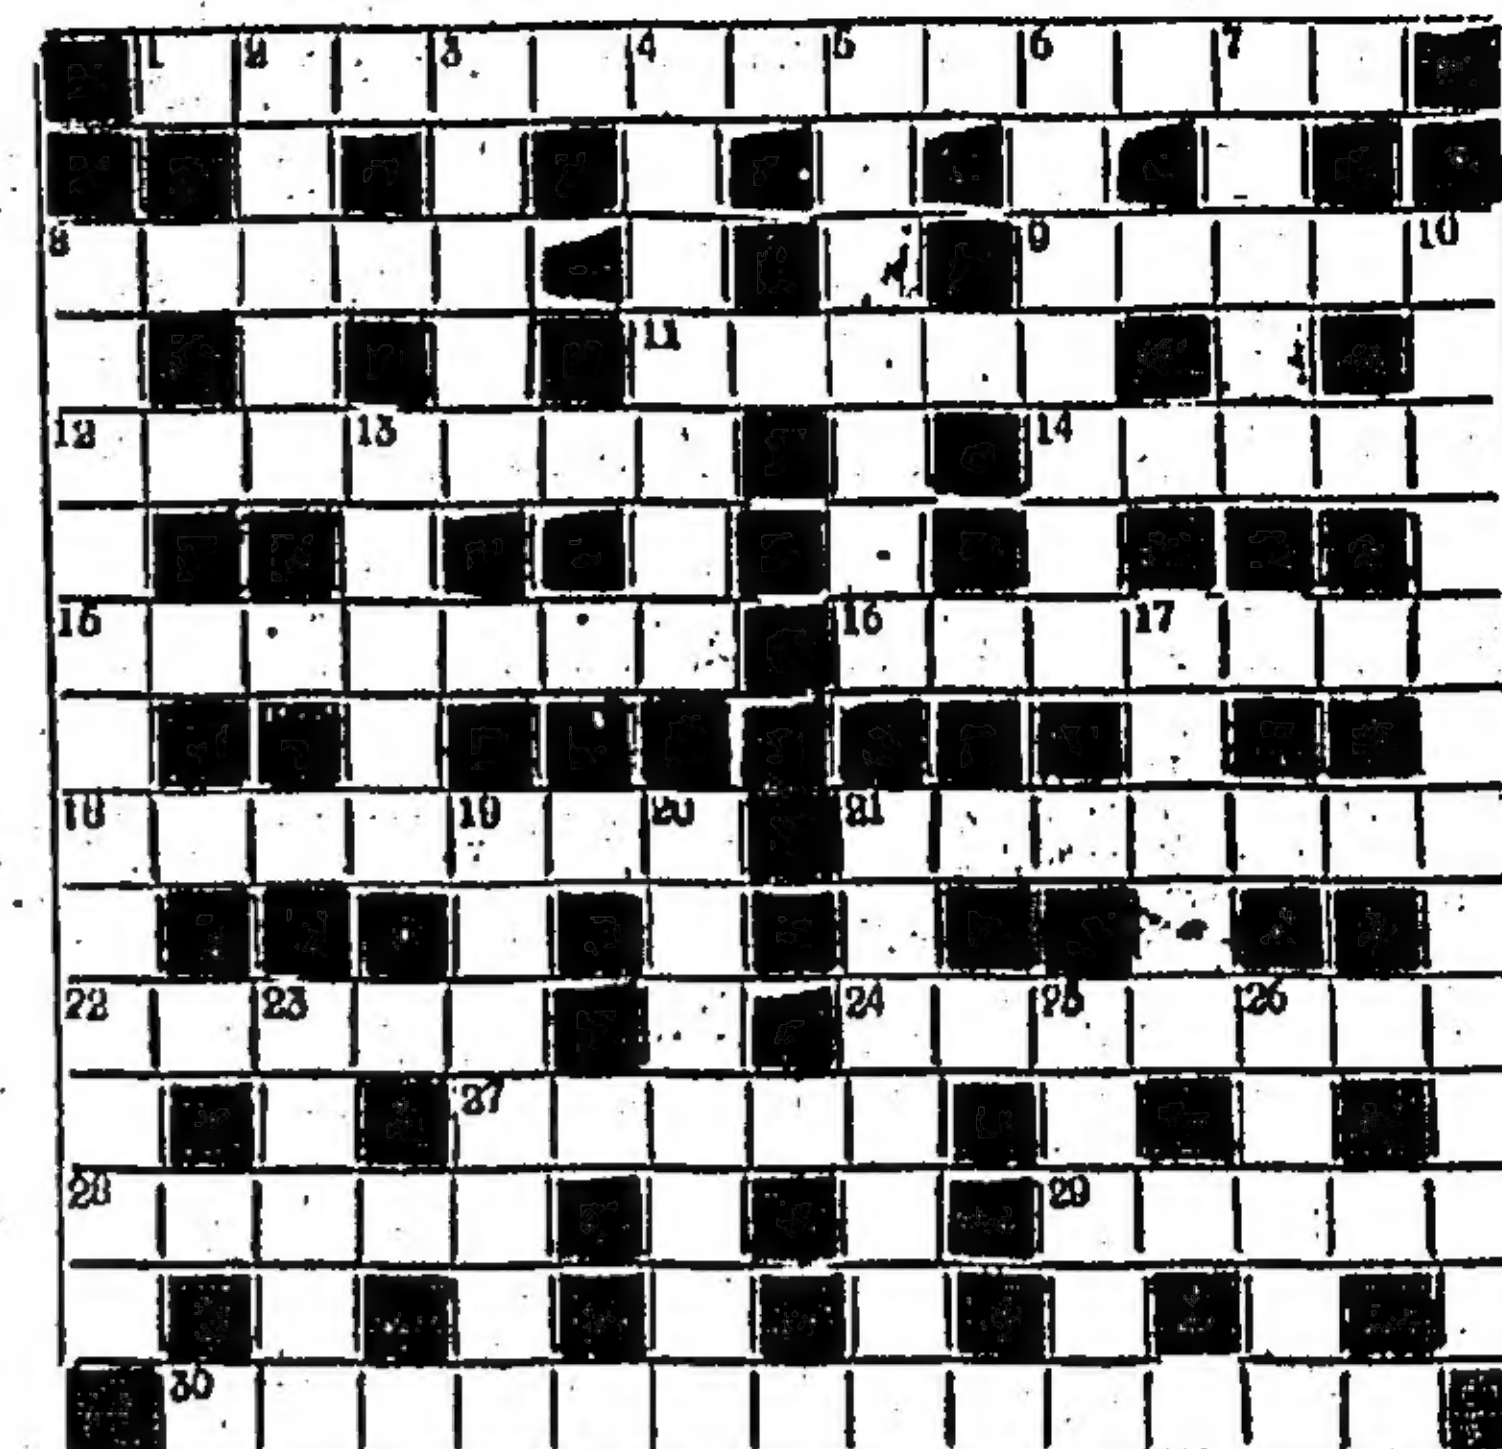

the patten too. Remember to use only upward strokes and don't get too vigorous with the patten. There is danger of injuring the tiny blood vessels in the skin if you pound instead of patting.

The last step, if your chin has really developed into a double one, is to adjust a rubber chin strap and leave it on all night. Don't remove the superfluous lotion or cream before tying on the chin strap. If you do not actually have one and merely have a tendency to develop one you may omit the last step.

FOR PATENT LEATHER

If your patent leather shoes are shabby, treat them to a coat or two of clear varnish. This will make a wonderful difference, and render them quite waterproof, especially if the soles are done as well.

LOVE or MONEY?

BY H. W. CORLEY

BEGIN HERE TODAY

Mona Moran, receptionist in a Wall Street law office, goes with her childhood sweetheart, STEVE SACCARIELLO, to a popular supper resort, the Halycon Club. Mona supports her invalid father, mother, little sister, KITTY, and her downy brother, BUD. Steve has been mysteriously absent for three years. He has returned, well dressed and prosperous. With no thought of impropriety, he has ordered a gown and wrap sent to Mona which, after much indecision, she wears.

At the office that day Mona has met HARRY TOWNSEND, rich and socially prominent, but refused his invitation to dine with him.

Bud Moran comes to the Halycon Club to see DUCK HARKINS, the proprietor, who has underworld connections. Mona sees her brother and fears he is associating with gangsters. Steve calms her fears.

LOTTE CARR, fashion model, disabuses her escort and joins Mona and Steve. Then Steve's business partner arrives. He proves to be Harry Townsend. Harry tells Mona how Steve years before had befriended him, how together they sailed for South America and have been operating a diamond mine that Townsend labored.

After Mona and her friends leave the supper club Harkins tells his lieutenant that Steve has a huge diamond, known as "The Empress of Peru." The gangsters plan to steal this diamond.

The next few days passed swiftly.

ly for Mona. She was relieved about Bud, had persuaded herself that the boy she had seen that night at the Halycon Club was someone else. Bud was working regularly now, had turned over \$20 to Ma on Saturday. Kitty was doing well in school too.

Steve, braving good-natured little Ma's indignation, called Mona on the telephone. Barry Townsend haunted the office. Finally, breaking her vow not to indulge in social engagements with anyone met through the office, Mona went to lunch with Barry.

"After all, Steve introduced me," she eased her conscience. Later she went to tea with him at a smart downtown tea place while Mollie Drury relieved her at the reception desk.

Little by little, piece by piece, Mona gleaned the story of Barry's business in South America, Steve's connexion with it, and the friendship between these two.

"Park and Third avenues never meet, no matter how far they go," she had told Barry significantly. Steve had been born on Third.

"You little snob!" Barry teased. "Don't you like me? Won't you forgive me for living on Park avenue?"

"Do you wish to be forgiven?" "There's no Third avenue and no Park where Steve and I belong, Mona."

He noted her look of inquiry. "Sure. We belong there. We're going back when we've tied up a few matters of business."

"It must be wonderful," Mona said wistfully. "No subways, no crowds, no—"

"They'd make you queen!" Barry put in.

She told Lottie what she had learned when the girls were spending a cosy evening together in Lottie's apartment a few evenings later. "Cooking in," as they expressed it, and having a feminine

hour of chat.

It seemed that Barry Townsend's mother had been first engaged to the Mr. Townsend who was Barry's uncle and Mr. Garretson's friend.

She was half Spanish, this beautiful mother of Barry's. Wealthy and of excellent family. After being engaged to one brother she married the other. Not the elder one who had the most money, but Barry's father who was the younger. The flit since never recovered from this blow and the girl's father refused to forgive her for it. She belonged to an honourable family and had failed to keep her word.

The father gave his daughter her dowry, of course, but he never spoke to her again. As a wedding gift he gave her some land in Brazil—land that had not been productive in hundreds of years.

"Maybe you'll find a diamond mine on it," the father had said. He meant it as a bitter jest but the land was, after all, in the diamond country.

Then came the amazing part. An old negress, crossing the land one day, picked up a shiny stone. It was a diamond!

Barry's father had worked the mine, had organized a syndicate for this purpose, but it had always been a joke in the Townsend family for the mine had been a source of expense instead of gain. When Barry's father died he left his entire

estate to his son.

It was Steve who had helped Barry make something of this property. Steve was diplomatic in dealing with the natives. Together Steve and Barry had made good. Now Barry was back in New York trying to persuade his uncle to release money that legally would not belong to the young man until he was 30 so that they could install the new dredging machinery in the mine. Steve moreover, had found the gorgeous diamond which they called the Empress of Peru.

"Now I'll tell one," remarked Lottie drowsily, unbelievably. The girls had cleared away the dinner—remarkably well cooked by Lottie whose frivolous air concealed many sturdy qualities. They were sitting in the little living room, dressed in two of Lottie's most attractive negligees.

Lottie was manicuring her nails and Mona, lying flat on her back, abstractedly traced scrolls in the atmosphere with one finger while she talked.

"Why don't you marry one of these diamond kings?" Lottie asked presently.

Mona made a slight grimace, charming and eloquent. "No one has asked me, silly," she said.

Lottie surveyed her nails at arm's length rather carefully. Her heart—or what she would have (Continued on Page 11.)

RECENT SHANGHAI EVENTS ILLUSTRATED

The cherry blossom tea party held in the garden of Mr. T. Morioka, manager of Shanghai branch of the Mitsui Bussan Kaisha, was an interesting affair and was largely attended by leading residents of Shanghai. Mrs. Morioka made a charming hostess, and although the sky was overcast, it did not detract from the beauty of the cherry blossoms. Our picture shows a portion of the throng that attended.

Fame and great wealth already belong to this tiny baby boy, shown in the arms of his mother in the American Hospital in Paris. For he is the son of the Aga Khan, famous sportsman and spiritual leader of millions of Moslems. The child was eight days old when this first picture was taken. The Aga Khan's wife is a Frenchwoman.

The above photograph shows Rear-Admiral M. Demizu, special envoy of the Japanese Emperor, arriving in Shanghai to deliver to the officers and men of the Japanese navy here an Imperial message of appreciation for the manner in which they discharge their strenuous duties.

There was a large and enthusiastic crowd at the Hungjiao aerodrome to greet Miss Maryse Hills upon her arrival in Shanghai from Hongkong on last week. She made a flight from Paris to Tokyo and successfully flew to Seoul from Shanghai on the last stage of her journey. Photo shows Miss Hills beside her plane shortly after arrival. On her left is Mr. Jacques Meyrier, French Consul General.

An interesting ceremony was witnessed in the reception hall of the Central Bank of China Shanghai, when Dr. H. H. Kung, the new Governor of the bank, was officially inducted into office. The ceremony was held under the supervision of Dr. Tsai Yung-shan, representing the Central Taiwan, and Minister of Finance T. V. Soong, who represented the Nanking Government. After the seal of the bank had been handed to Dr. Kung by Mr. Soong, the latter, Dr. Tsai and the Dr. Kung each made short speeches. The above photograph shows some of the Chinese notables and bankers who attended the ceremony. Dr. Kung is shown seventh from the left, with Mr. Soong on his right and Mayor Wu Ts-chun on his left.

EXCHANGEYESTERDAY'S MARKET
BUOYANT

According to Messrs. Swan, Culbertson and Fritz, the New York market was buoyant yesterday. Business done: 4,810,000 shares. The Wall Street Journal reports: Speculative buying of stocks brought about an early advance, then vast profit-taking developed in the last hour, but the market related to the end, and prices turned only slightly irregular.

Spot bar Silver was quoted at 37 1/2, the highest in the year.

"That's Me - As I was!"

A bundle of nerves, depressed, prematurely aged, miserable. This condition is a result of allowing the blood to become depleted and thin. The nerves are weakened because they have not been receiving the proper nourishment from the blood. Digestion is deranged for the same reason, resulting in further malnutrition.

With such conditions there is also often insomnia, that trouble so dreaded by neurotic people. But there is a proved remedy at hand in Dr. Williams' Pink Pills. This world-famous remedy is definitely known by members of the medical profession to possess the unique faculty of increasing the haemoglobin content and improving the blood count. In simple language this means improving the quality and quantity of the blood.

When the rich red blood which Dr. Williams' Pink Pills create is flowing in your veins the whole system is at once invigorated, new nervous energy is created, the nervous system and the digestive organs rehabilitated.

For all nervous conditions and other troubles resulting from blood impoverishment (anaemia) you cannot take a more reliable remedy than Dr. Williams' Pink Pills. By making new rich blood they make a new person of you altogether.

HAPPY ADVERTISING. 4.

Romance in Business? undoubtedly there is, and the interest attached to our own business is worth recording.

Very many years ago, when the Late King Edward VII. was Prince of Wales and serving with the Royal Navy on the Mediterranean Station, our Mr. C. H. Bernard had the honour of serving closely with His Royal Highness.

Imminent retirement from the Service and a capacity for business suggested to Mr. C. H. Bernard the necessity for reviewing the prospects, which finally resulted in the blue skies and the happy comradeship of the Navy being left behind in the Mediterranean.

That Mr. Bernard was eminently successful in business is emphasised by the fact that within a few months he had secured important Naval contracts, and further, had built up such a specialised business, was commanded to appear at Buckingham Palace for the purpose of receiving orders for the Royal Household. Thus for many years the House of Bernard had the signal privilege of being the exclusive tailors to H.R.H. The Prince of Wales, H.R.H. The Duke of York, H.R.H. the Duke of Gloucester, and to Princess Mary Viscountess Lascelles.

In April 1902, Mr. C. H. Bernard was granted the Royal Warrant of Appointment, and the issue of the "Court Circular" for that month gave considerable space in outlining Mr. C. H. Bernard's success, and suggesting that he was *persona grata* at Court.

We then received the honour of providing the first uniforms for Their Royal Highnesses, and today we still have the privilege of serving Members of the Royal Household.

From the happy comradeship of the Mediterranean of the late 'eighties has sprung the business which carries large Naval contracts, and a service which supplies more than 30,000 personnel of His Majesty's Navy.

Last year over two hundred miles of cloth were used in our extensive workrooms, and three thousand work-people were kept employed.

Our activities cover the world and where so very many years ago, Mr. C. H. Bernard had the honour of serving with His late Majesty King Edward VII, we now have three well fitted establishments, surely a token of well considered enterprise.

To-day in Hongkong we have brought a service which must inevitably lead to better shopping facilities and reasonable prices in the Colony.

The above advertisement is issued by C. H. Bernard & Sons (Bernards' of Harwich) of St. George's Building, Chater Road, Hongkong.

BURNLEY OUT OF DANGER

VALUABLE POINT FROM SPURS

ASTON VILLA AND RUNNERS-UP

London, Apr. 24. Burnley captured the point from the Spurs to-day necessary to put them out of relegation danger. The only effect the concession had upon Tottenham was to handicap their prospects of the second division championship, but they are already fairly assured of promotion.

Fulham remain in a position to offer a challenge, although the Spurs will have to lose both of their remaining games to be deposited.

Aston Villa received a sharp check to their aspirations for the runners-up honours, Sheffield United beating them by the only goal scored.

In the Northern section of the Third Division Wrexham maintained their challenge to Hull by gathering a point from Tranmere.

POLO IN HONGKONG

(Continued from Page 8.)

I feel that we must express our appreciation of the sporting attitude shown by the Shanghai Club in sending a side during such difficult and expensive times as these are. We greatly enjoyed that visit and it is to be hoped that we can return the favour by sending a winning side to Shanghai this season.

Concerning the tenure of our ground here there has been considerable agitation during the past year and at the present time negotiations are being carried on. It is possible we may be moved to the mainland where a full-sized turf ground, together with an adequate club house, will be provided for us in either Kai Tak or the Prince Edward Road area.

Facilities for Navy.

During the dry season the Royal Naval Recreation Club has played football every Saturday and Sunday and our action in loaning them our ground has been of undoubted assistance to them in view of the distressing shortage of playing fields in the Colony.

Nevertheless our act of kindness has resulted in very grievous damage having been done to our turf. To illustrate how inadequate is the compensation of \$500 which we receive from the Royal Naval Recreation Club I might say that the contractor's tender to return the eastern end of the field, where the greatest damage has been done, is something over \$8,000, while to make patchwork repairs to the balance would cost another \$2,500. Of course, all this damage has not been caused by one season's play, but I think you will agree that the ground is in a very much worse condition than it was a year ago.

Navy commenced playing football here several years ago the condition of our turf was good. Should the transfer to Kowloon be ultimately found impossible we shall have to face the problem of the future. If we are to remain here very extensive repairs will have to be made and at the same time an arrangement come to by which the benefits done shall not be vitiated almost at once by the use of our ground for football.

The report and accounts for the year were adopted.

New Officials.

The following officers were elected.—President, His Excellency (the Governor (Sir William Peel); Chairman, His Excellency the General Officer Commanding (Major General G. G. Borrett); Vice-Presidents, Col. F. B. Newworthy, Col. R. B. Couzens and the Hon. Mr. J. J. Patterson; Hon. Secretary, Mr. W. T. Stanton; General Committee, Lieut. Col. G. T. Raikes, Capt. P. L. Villar, Capt. R. H. Mould, Capt. H. M. Boxer, Mr. J. Koswick and Mr. W. T. Stanton.

Miss Lydia Michel, the noted German singer, is to give a vocal recital at the Hongkong Hotel roof garden, the function having now been fixed for Thursday evening.

SINKIANG POLITICS.

MOHAMMEDANS NOT IN HARMONY WITH CHINESE

Nanking, Apr. 23.

The Nanking Government is now turning its attention to the developments taking place in Sinkiang province. It is learned that the dispute between the Mohammedans and the Chinese there is becoming more and more serious, necessitating careful government measures.

In an interview this morning, Mr. Wang Ching-wel, President of the Executive Yuan, declared that the Government is giving its serious attention to the trouble in Sinkiang and has ordered a very careful investigation into the situation. The Chairman of the Sinkiang Provincial Government, Mr. Wang disclosed, has been instructed not to rely entirely on military force, but persuade the Mohammedans not to be influenced by seditious propaganda. The Government has also stressed the necessity for the improvement of the Sinkiang political, social and economic conditions.—Reuter.

CRAIGENGOWERS' NEW TENNIS CAPTURES

TAM YOC FONG-TSUI YAN PUI

A. V. GOSANO ALSO
PLAYING

TWO POWERFUL TEAMS

HAPPY OUTLOOK FOR LEAGUE SEASON

(By "Veritas")

If there is one club
which is anticipating
the forthcoming tennis
league season with
perfect equanimity, in
fact, absolute confi-
dence, it is the
Craigengower Cricket
Club.

And they have plenty of reasons
for such an outlook. Here are
just six of them.

Y. Hachiuma and D. Leonard
(semi-finalists in this year's
Open Doubles Championship).

Tam Yoc-fong and Tsui Yan-
pul

A. V. Gosano and R. Choi

These six players will more than
likely constitute the senior team
this summer and it needs only a
rapid glance at the names to con-
vince one that it is going to be a
pretty powerful combination.

The capture of Tam Yoc-fong,
conqueror of L. Goldman in the
singles championship, and ex-
-finalist for the Hanoi title, together
with Tsui Yan-pul, younger
brother of Tsui Wal-pul, should
prove a big thing for the Club.

Both are young players, needing
experience to round off naturally
talented games, but as they are
already indulging in serious
practice daily at the C.C.C., they
should take the courts at the end
of next month well fitted to meet
any opposition.

OLD COURT COLLEAGUES.

Craigengower are fortunate
to have obtained the services of
A. V. Gosano and his partner-
ship with Robert Choi should
prove of great benefit to the
club. These two have been
playing together for two or
three years and have reached
an understanding which makes
up for any deficiencies in stroke
production.

But in addition to these three
very useful pairs, the Craigengower
will be in the position to
call on G. Lal and E. S. Ho-
ward, who played regularly for the
first team last summer, if their
services should be required. In
any case, these two will strength-
-en the second string very con-
-siderably, and as the remainder
of the 1932 players have been retained,
Craigengower will probably be
fielding the strongest team of re-
serves in the history of the club.

The report that Lal Kwong-tsun
was to play for the club is un-
founded, but it was thought that
J.A.E. Cassumbhoy might join
the team. He has, however, gone
in with his old clubmates of the
I.R.C.

MOTOR-CYCLE CLUB.

Outing for Next Sunday
Planned by Members.

A DIP AT CASTLE PEAK.

The recently formed Hongkong
Motor-Cycle Club are planning a
whole day's outing for Sunday next,
starting from the Kowloon Car Park
at 10 a.m. What is described as a
"surprise run" will be held, ending
with a swim at Castle Peak.

Those intending to participate in
this outing are advised to furnish their
own refreshments, as it is intended
to return about 6 p.m. Motorists,
whether members of the Club or not,
are invited to join the party.

TAM YOC FONG.

K.C.C. Tennis Tourney

The good progress made on
Sunday in the Kowloon Cricket
Club tennis tournament encour-
-ages the belief that the remain-
-ing 12 matches will be completed
well within the schedule.

Competitors, however, are re-
-quested to note the committee's
decision that outstanding games
can be played off during the week
if so desired.

All participants who remain in
the various events are asked to be
present at the K.C.C. on Saturday
next at 2.30 p.m. and again on
Sunday afternoon, when further
arranged programmes will be
played.

POLO IN HONGKONG.

Local Club May Possibly
Be Transferred.

ELECTION OF OFFICERS.

The possibilities of the transfer of
the Hongkong Polo Club to a site in
Kowloon were again mentioned at
annual meeting, which was held at
Causeway Bay on Friday last. In
the absence of His Excellency Major
General O. C. Borrett, the chair was
taken by Lieut. Col. G. T. Rakke.
Addressing the meeting the chair-
-man said:

In the absence of His Excellency
the General I have been asked to take
the Chair.

The Income and Expenditure Ac-
-count for the year ended February
28th, 1933, reveals an excess of ex-
-penditure over income of \$776.75 as
against a figure nearly double that
for the previous year. However,
this is mainly accounted for by the
reduction in the amount "Interport
Expenses" which this year amounted
to \$127.10, as against \$2,467.30 last
year. The explanation covering this
discrepancy lies, of course, in the fact
that Shanghai, visited this year
whereas last year we went there.

"Expenditure on Upkeep of Ground
& Buildings" is slightly higher due to
repainting of the Club House. The
other items on the expenditure side
of the balance sheet are practically the
same as for the preceding period and
call for no comment. On the income
side the heavy decrease in subscrip-
-tions from \$4,088 to \$2,704 is the
result of our having suspended play
from November onwards. During this
time playing members were not
charged their monthly fees which
provided the greater part of the money
received in subscriptions. Had sub-
-scriptions been maintained at the
level of last year we should have a
little more than paid our dues. The
Treasurer to the Balance Sheet you
will note that Reserve for Repair to
Grounds now stands at \$2,750. The
Royal Naval Recreation Club have
reimbursed us for the use of the
Ground to the extent of \$500 and this
sum has been placed to that account.

Club's Activities.

In regard to the Club's activities
the outstanding event of the year was,
of course, the visit of the Shanghai
Polo Club who, as you know, the
holders of the Kewick Cup, Shang-
-hai was represented by Messrs.
Franklin, Fritz, Burdick and Woods
while our side was composed of
Major Barry, Captain Villar, Messrs.
Pollock and Keavick.

These gentlemen put up a very
stout effort and were nearly success-
-ful in taking the Cup for Hongkong.

Petersen May Meet Rosenbloom for Light-Heavy Crown

Jack Petersen, the British
heavyweight champion, may make
his first attempt to win a world's
title in June or July.

Negotiations are proceeding
for a match on the Cardiff City
Football ground between Petersen
and Max F. Rosenbloom, the
American holder of the world's
lightweight championship.

"Jack is excited at the prospect
of having such an early chance
of gaining a world's title, and he
is confident that he can beat
Rosenbloom," Petersen's father
declares.

Rosenbloom fought in England
as a middle-weight. He was
knocked out by Tommy Milligan
in eight rounds at the Royal

CASSUMBHOY WILL PLAY

IN INDIAN R. C.
LEAGUE TEAM

A WEEK-END DECISION

(By "Veritas")

J. A. E. Cassumbhoy,
the I.R.C. tennis
player, and runner-up
in this year's open
championship, who
was doubtful as to
whether he would
participate in league
tennis this season, has
made his decision.

He will play for the Indian
Recreation Club and take his
customary place in the senior
team.

This means he will team up with
L. M. A. Razack, with whom he has
played for the last two years, and
who entered together in the doubles
championship last February, and
the I.R.C., are thus assured of a
second strong pair for the A Divi-
-sion side.

PROBABLE TEAM

The team will probably con-
-sist of S.A. and H.D. Ramjahn,
Cassumbhoy and Razack, and
Perera and Minu, the latter
being taken from last year's
B Division combination.

Cassumbhoy decided to throw in
his lot again with the I.R.C., during
the week-end, and in view of this
the Indians are expecting to offer
a renewed and even more deter-
-mined challenge to regain the cham-
-pionship which they lost in 1932.

PHILIPPINE SWIMMERS MAY VISIT H.K.

LOCAL ASSOCIATION SENDS OUT
INVITATION TO TOURISTS

NEW CHINESE CLUB JOINS UP

If the request of the Hongkong Swimming As-
-sociation is granted, Hongkong will be given an
opportunity of seeing the Philippine swimmers, who
are to tour Formosa, in action.

A lot too, depends on the route
which the southern swimmers
take, it was revealed at a meeting
of the Council of the local Swim-
-ming Association last night. It is
more than possible that Hongkong
will not be touched en route, but
the local body have decided to
write to the Philippine Association
asking if it is possible to ar-
-range a contest with the tourists.

Among other important business
transacted at the meeting, the
rules governing the water polo
league, drawn up by a sub-com-
-mittee were presented and ap-
-proved.

LEAGUE NEXT MONTH.

It was announced that en-
-tries for the polo league will
close on Wednesday May 24,
at 6 p.m., and that the league
will start on June 6. This
applies to both senior and
junior sections.

Both divisions will play one
round each, and it was intimated
that the Association would have
five baths at its disposal.

A newly formed club of young
Chinese made application to join
and this was granted. They join
under the name of the "Young
Companions Aquatic Association,"
or as it is called in Chinese the
Liang Yau. They will compete in
the polo league.

Before the close, a water polo
league sub-committee of five was
elected to run the league and to
deal with the Referees Board.

TO-DAY'S FOOTBALL

At the request of the club, the
first division league football fixture
between the Lincoln and the Club
is to be played to-day on the Club
ground, Happy Valley. Kick-off is at
3.15 p.m.

SOCCER CLUB RUINED BY SUCCESS

Boness Doing Well Until
Promoted

At a meeting recently of the
shareholders of the Boness Foot-
-ball Club, a resolution was passed
winding up the company. Boness
was expelled from the Scottish
League in November last for
failure to pay certain outstanding
debts of guarantee money.

Mr. Campbell Falkirk, who was
appointed liquidator, said that the
club was in a very sound financial
position until promoted to the
First Division of the Scottish
League.

A single year's experience in
the First Division, with heavy
guarantees and other expenses,
had ruined the club.

This announcement that a foot-
-ball team has been literally ruined
by success may occasion some
surprise. Yet it is not uncommon
to hear it said in English football
circles that such-and-such a team
is not keen on promotion. This is
tantamount to saying that the club
in question finds it more profitable
to continue in their present sphere.

It is natural that many of these
rumours are greatly exaggerated
and some are entirely false. Yet
the fact remains that there is a
certain amount of truth in the
assertion that success in the
League is not always of financial
benefit to a club.

ANXIETY OF SOCCER PROFESSIONALS

INTENSIVE WEEDING-OUT
A NECESSITY

This period of the season is one
of the most trying for the profes-
-sional footballer. There are only
two more weeks of the playing
season to run and when that time
has expired club managements
will begin to draw up their lists of
players they intend to retain. In
any season necessarily there must
be a lengthy list of "unwanted,"
but 1933 will certainly see a more
intensive system of weeding-out
by clubs than has been employed
for some years past. With fallen
gate receipts due to the trade
depression and no immediate
prospect of a return to normal
patronage, club managers will be
instructed, in many cases, to re-
-tain only a skeleton staff.

In these circumstances, many
English players have accepted
football appointments abroad,
where there is less competition,
and in many instances, higher re-
-muneration.

CONTRACT BRIDGE

By W. E. McKenney

Perhaps the most talked of hand of the Eastern Championship Tournament is the one given below. A crack New York pair were playing North and South. Samuel Guggenheim and Omar Mueller of Cleveland were playing East and West. North and South were vulnerable, and East and West were not vulnerable. The peculiar part of this particular hand is that a grand slam can be made by North and South in diamonds or East and West in spades.

None	North	East	South
♦A-K-10-8-7	♠A-7-6	♥None	♣A-10-9-8-4-3
♥A-Q-J-8-6	♦4-3-2	♠None	♥A-10-9-8-4-3
♣5-4	♠None	♥A-10-9-8-4-3	♦4-3-2
♠None	♥5-4	♣A-K-Q-7	♠None

The Bidding

The bidding was unusually interesting. South passed, West bid one spade. This bid was subject to a great deal of criticism as the hand contained at the very most one and one-half high card tricks, but certainly with the distributional possibilities of the hand, West cannot be criticized for opening the bidding. The ace of spades and the king of hearts in partner's hand will produce a game for West. With the ace of diamonds and the king of hearts he cannot miss game.

So certainly, when holding a hand that only requires one and one-half tricks from your partner to produce game, you should not be criticized for making an opening bid—rather complimented on your strategic bidding. Remember, however, that when you have opened the bidding with this type of hand, that you have taken command of the ship and that at no time can you stand a double. Regardless of how high your opponents bid, if your partner doubles, you must be prepared to take that double out.

After the opening bid of one spade by West, North doubled showing a hand much stronger than an ordinary overall. East rather complicated the situation by raising his partner to four spades. South made a bold bid of five clubs which West passed. North, who had originally intended with his double to show both hearts and diamonds, now felt there was a possible slam in clubs and went six clubs—and the surprising thing happened.

Omar Mueller, sitting in the East position, passed six clubs. He felt quite confident that he had North and South in the wrong suit and if he were to double they might get into the right bid, therefore his pass of six clubs was a very marvelous bid. South passed, but West, who was void of clubs, now felt confident that North and South could make six clubs and put in what he thought to be a very good sacrifice bid of six spades which North doubled.

East, holding six clubs, realized that his partner must be void of clubs and as long as he could bid and re-bid spades, East seen no possibility of losing the contract, and therefore re-doubled. All passed, and the final contract was six spades by West doubled and re-doubled.

The Play

The king of hearts was opened by North and East and West made a grand slam for a plus score of 1920 points. Even if North had opened the ace of diamonds, they would still have made the small slam doubled and re-doubled.

It is unusually interesting to note that North and South could have made a grand slam in diamonds by taking the finesse in hearts and

CINEMA SCREENINGS.

NOTES SUPPLIED BY THE THEATRES.

Wallace Beery is surrounded by some of the greatest names in the sport world in his new starring picture, "Flash," now showing at the Queen's Theatre.

In addition to the regular cast which includes Karen Morley, Ricardo Cortez, Jean Hersholt, and John Miljan, the picture employed a crowd of hunkies which by comparison makes Captain Kidd's plug-uglies look almost effeminate.

This crew comprises some twenty or more wrestlers, fighters, weight lifters, football players and others of red-blooded athletic repute. Once champions in their respective sports, they are now rounding out their years as actors—and Beery says they are good actors.

Beery has the role of Polik, a wrestling walter who becomes champion of Germany, and comes to America, where he runs afoul of a crooked wrestling ring, besides getting himself entangled in an illicit love affair between Karen Morley and Ricardo Cortez.

"Under-Cover Man."

Set a thief to catch a thief, has long been an accepted axiom, but seldom has it been developed so dramatically and in so unusual a manner as in "Under-Cover Man," the new film showing from Thursday at the Queen's Theatre. Here is Melodrama at its best, in a setting of Wall Street and Park Avenue—the upper-underworld in its new trappings of elegance.

Fresh from his triumph in "Night After Night," George Raft gives another performance of outstanding merit in the role of Nick Darrow, a high-class confidence man, who offers his services to the police as an under-cover man, for the sole purpose of finding the murderer of his father. This Nick Darrow, of the steel nerves, a crook who has always worked alone, gives the police inspector to understand that he's not turning stool-pigeon—he doesn't like the police any better than he ever did; but he'll play along with the department until he accomplishes his revenge.

Nancy Carroll has the role of the girl, Lora Madigan, whose motive is also revenge, for the same gang which killed Nick's father, murdered her brother, a bank-runner. Looking more beautiful than ever in the past, Nancy Carroll gives a moving and dramatic performance. She and Raft, in fact, make a good team.

"Indiscreet."

Is it worth while for an elder sister to risk the destruction of her own romance in order to frustrate a discarded lover's attempt to win her younger sister?

This is the situation in which Gloria Swanson, as the very modern Jerry Trent, finds herself in her new United Artists picture "Indiscreet" showing at the King's Theatre.

Miss Swanson's leading man is Ben Lyon. He appears as a novelist, Tony Blake, whose love for Jerry Trent undergoes more than an acid test, once she decides to guide her sister's destiny.

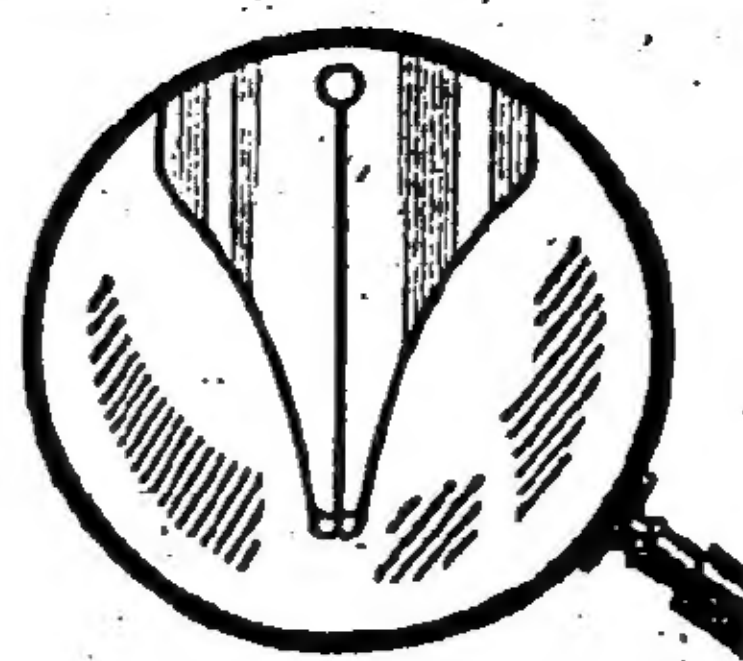

Monroe Owsley is the former lover and Barbara Kent is the younger sister. Other members of the cast are Auther Lake and Maude Eburne.

"Wedding Rehearsal."

Roland Young's polished and sophisticated acting has never been seen to better advantage than in the new Ideal picture "Wedding Rehearsal," which is the first offering of London Film Productions Ltd. In this film, which has been directed by Alexander Korda, the producer of "Service For Ladies," hailed by many critics as one of the finest English films to date, Roland Young plays the part of a Guards officer whose hobby is the difficult art of remaining a bachelor. Ever ready to act as best man at his friend's weddings, he is remarkably astute at avoiding being led to the altar himself. When his strong-willed grandmother, played by Kate Cutler, decrees that he is to marry within a year and hands him a list of "possibles," the situation develops into one of spontaneous gaiety.

Playing with Roland Young in "Wedding Rehearsal" are John Leder, George Grossmith, Lady Rees, Wendy

catching the lone king of diamonds with the ace. Therefore the possible swing on this hand is close to 5000 points—perhaps one of the largest swings seen in tournament play.

This smooth point makes smooth writing

"Pressureless writing"—that's one good reason why more people use Parker Duofolds than any other pen! The easy-writing secret is in a tiny drop of ink, always ready to touch paper a split second before the smooth gold point itself. Other Parker features: Leak-proof, non-breakable barrel, 6000 words on a single filling of ink. Exquisite colors. At good stores everywhere.

Barrie, Maurice Evans, Morton Sellen, Edmund Breon and Lawrence Hanray. "Wedding Rehearsal" will be shown at the King's Theatre on Wednesday.

"Panama Flo."

For the first time since "Her Man," Helen Twelvetrees again reverts to the type of characterization which won her stardom in "Panama Flo," an RKO Pathe picture, which opens today at the Central Theatre. This, in itself, was not easy because she is pressed at every turn by the splendid efforts of Robert Armstrong and Charles Bickford.

Ralph Murphy handled the directorial end of the production with precision and finesse, getting every bit of drama out of the story and keeping it moving at a rapid pace. Others in the supporting cast are Paul Hurst, Maude Eburne, Reina Velez and Marjorie Paterson.

LOVE OR MONEY?

(Continued from Page 9.)

told you took the place of her heart—leaped strangely at these words. She thought to herself, "Can it be that I'm falling in love with him?" By "him" Lottie meant Steve Saccorrell.

She tucked her slippered feet beneath her on the chaise longue and her eyes became pensive. Wearing blue velvet pajamas Lottie looked like a lovely blonde angel. Her thoughts were interrupted by the shrill ringing of the telephone.

Lottie groaned. "Let the thing ring! We can't be bothered. Let it ring."

This was precisely what the telephone did. The instrument continued to jangle noisily until Lottie rose unwillingly, walked to the little alken bedroom and flung herself down in a chair, prepared for an exhaustive chat. Lottie was a victim of "telephonitis," once she persuaded herself to take up the receiver.

Her voice answered sharply and rather anxiously. Mona thought. Almost immediately Lottie was back in the living room.

"It's for you," she said.

"For me?" Mona looked blank. "Why, no one knows I'm here—not even Mother!"

Lottie shrugged. "Then it's someone who took great pains to locate you," she observed.

Mona took up the telephone, and said "Hello." The voice at the other end of the wire was that of Morgan, Barry Townsend's valet. Mr. Townsend presented his compliments and asked if the young ladies would care to come up for a late supper? The gentlemen were dressing, and they had instructed Morgan to call several numbers until Miss Moran was located.

As a matter of fact Morgan had been instructed to call out "the police, the fire department and the marines" but the discreet valet understood these exaggerations and modified his instructions to suit the circumstances.

"The car would call for the young ladies in half an hour," he said.

"Let's go," urged Mona. "Do, Lottie! I can't go alone. Steve's been busy at some business or other and I haven't seen him for an age."

"All of two days I'll bet! However, I like to see the young folks get together and far be it from me, Lottie Carr, to ruin any love-lorn maiden's plans!"

The blue velvet pajama jacket went hurling across the room, caught on a picture frame over Lottie's bed. She burrowed in the closet, selecting an evening gown for herself and another for Mona.

Mona wheeled about. "Love-lorn? What do you mean by that?"

"What do I mean by love-lorn? Why, just that. Love-lorn! You're head over heels in love!"

"Don't be ridiculous, Lottie."

Lottie held her gown, a soft white halo of chiffon, above her lovely head. She let it fall and instantly she was smiling her provoking smile.

"So I'm ridiculous?" she said settling the gown carefully about her hips and surveying the effect in the mirror. Then she looked back at Mona.

"Ridiculous? Not at all! You're in love, my girl, or my name isn't Lottie Sherlock William Burns Carr."

"Do you think I'm in love with Steve Saccorrell? Why, you know I'm not!"

"I didn't say Steve. You're in love with Barry Townsend!"

"Barry? What in the world makes you think that?"

"Oh, I read it in the Gazette. Now hurry! Let's be off to the festivities. And, by the way, I'll take care of Steve. He won't mind!"

"I'll call up Bud," Mona decided as they were about to leave the apartment. "I'll tell him I'm going

Her telephone call was promptly followed by another. It was a message from Buck-Markins to Bud Moran.

"Go after her in a couple of hours," Buck instructed. "Tell her your mother is sick, see? And while she's putting on her hat get an impression of the door. Keep your eyes open Kid, and your mouth shut. It's a safe bet Steve will show those girls that diamond to-night!"

MISS NORDA MATA.

TO-NIGHT'S TREAT AT THE
HELENA MAY

Miss Norda Mata, one of the
greatest exponents of the dance to
be seen to-day, is in Hong-
kong, and will appear at
the Helena May Institute to-
night, her recital commencing at
9.15. It is hoped that this
distinguished dancer will have
time for more than one re-
cital: wherever she has ap-
peared to the public there has
been a great deal of enthusiasm
and the press accounts have been
lavish in their praise of her talent.
Norda Mata has danced before
critical audiences in America and
Europe, in Honolulu, Japan, India
and the Dutch Indies, as well as
in British Malaya, and in every
case has proved her artistry and
wonderful sense of rhythm. The
following extract from a report on
one of her recitals, taken from a
Bangkok paper, may be said to be
typical of the praise she has earned
in all places:

"A fairly large and most en-
thusiastic audience, including
Their Royal Highnesses the Prince
of Kambeang Bejra and Prince
Rangit, was present at the Prin-
cess Theatre, Bangkok, to witness
the dance recital given by Miss
Norda Mata. We have spoken be-
fore of our reactions to Miss
Mata's dancing, which is full of
imagination, imagery and techni-
cal skill.

"In this programme she had
ample scope to display all her
talents. It was in three parts, be-
ing entitled respectively "The
Spirit of the Past," "Landscape
Sketches," and "The Isle of the
Dead." Perhaps the most effec-
tive individual offering was "The
Jungle" from "Landscape Sket-
ches," to music by Cyril Scott, in
which the essential force of the
subject was depicted with out-
standing skill, though "The De-
sert" and especially "A Mountain
Lake" with its calm serenity in the

MUZZLING IN FORCE.

FULL REGULATIONS AGAIN
INTRODUCED

As from yesterday afternoon,
by notification in a Government
Gazette Extraordinary, the
muzzling regulations have been
reintroduced in full in the Colony.
No dog may now go abroad with-
out a properly fitted muzzle.

The reintroduction of muzzling
was foreshadowed last week,
when several cases of rabies ap-
peared to the notice of the
authorities. The first signs of a
fresh outbreak of this terrible
disease came from Shatin, when a
Chinese who had been bitten by a
rabid dog developed hydrophobia
and died.

The muzzling order has been
suspended for about two years,
following a long period of in-
munity from rabies among local
dogs, but the recent outbreak has
necessitated its enforcement.
The full set of regulations, Nos.
1 to 27, is again in force, as com-
prised in notification No. 694,
published in the Government
Gazette on November 25, 1927, and
made under Section 3 of the Dogs
Ordinance of 1927.

same group were also beautifully
done.

"The four items in the "Isle of
the Dead" group gave a great deal
of scope to Miss Mata's originality
of concept and treatment, a par-
ticular feature being the appro-
priateness of the musical accom-
paniment in each case, arranged
from Ravel, Scott and Beethoven.
Miss Mata's first group was more
classically designed, and included
a Sarabande to music by Bach, a
Gavotte to Beethoven's music and
a Gipsy dance to Liszt's 11th
Rhapsody... Altogether artisti-
cally a most successful evening."

Booking for the performance to-
night is open at the Helena May
Institute and at Anderson's, the
price of tickets being \$2 and \$1.50.

ALLEGED HOLD-UP

ENGLISHMAN APPEARS IN
SHANGHAI COURT

Shanghai, Apr. 24.
A sensational case was brought
up at the British Court this morn-
ing when a British subject,
Leonard Wedderburn, was charged
with breaking and entering the
house of Mr. R. W. Davis.

It is alleged that on Saturday,
about 5.30 a.m., Wedderburn
knocked on Davis's door. When a
coolie opened the door Wedder-
burn, it was stated, struck him on
the head and proceeded to Davis's
bedroom where he produced a
loaded revolver and presented a
paper which he demanded Davis
should sign.

It is alleged that he asserted
he would blow out the brains of
everyone in the house if Davis re-
fused.

Davis was forced to sign, but
afterwards was able to get the re-
volver from the accused. After
this unexpected visitor's departure,
Davis summoned the police.
The case was remanded, bail
being refused.—Reuter Special.

Peking, Apr. 24.
The beleted funeral of Li Ta-
chao, notorious Chinese Com-
munist leader, who was executed
by Marshal Chang Tso-lin in
1927, took place this morning and
afforded an occasion for a radical
demonstration.

While the cortege was passing
through a very busy section of
the city en route to the Western
Hills, 200 radical students dis-
tributed Communist literature and
sang the Internationale anthem.
Police authorities intervened
and made 40 arrests.—Reuter.

London, Apr. 24.
The Chancellor of Exchequer, Mr. Neville Chamberlain, who has returned to London from his brief holiday, was at the Treasury early to-day making the final preparations for to-morrow's budget speech in the Commons.

A meeting of the Cabinet, as is customary on the eve of the reassembly of Parliament, was held later and it is assumed that Mr. Chamberlain revealed to his colleagues, the broad outlines of his proposals.—British Wireless.

Another plot to assassinate Herr Hitler, the Nazi Chancellor, is said to have been discovered by the Munich police.

Few details of the nature of the conspiracy have been disclosed, but it is known that the police stopped an Italian motor-car near Rimsting yesterday and arrested the two occupants.

One of the prisoners is believed to be a notorious Indian Communist named Tagori. His companion has not been positively identified.

Both have been taken to Munich for examination.—Reuter.

Official delegates walked in procession to Shakespeare's birthplace and later deposited floral tributes on his tomb in the parish church.—British Wireless.

FINAL DECISIONS FOR LONDON

MacDONALD-ROOSEVELT TALKS STATEMENT

VIRTUALLY COMPLETE

WASHINGTON, APR. 24.

THE CONVERSATIONS BETWEEN MR. RAMSAY MACDONALD AND PRESIDENT ROOSEVELT AND BETWEEN ANGLO-AMERICAN ECONOMIC EXPERTS, HAVE BEEN VIRTUALLY COMPLETED.

A joint statement issued from the White House expresses the deep satisfaction of Mr. MacDonal and the President at the outcome of the discussions which were undertaken to explore the problems of the World Economic Conference.

The statement enumerates the matters considered, namely, world price levels, central bank policies, monetary standards, exchange restrictions, the improvement of the status of silver and a number of world trade problems, particularly limitation of restrictions.

Final agreement on these matters is reserved for the World Economic Conference will, very likely, open in the middle of June.

SILVER JUMPS TO NEW HIGH LEVEL

Meanwhile it is learned from Ottawa that an Order-in-Council has been passed suspending the redemption of Dominion notes in gold.

The date of its operation has not yet been fixed. It is officially stated that the Order-in-Council merely regularises the situation which has existed in reality ever since Britain went off the gold standard.

COMMITTEE MEETING.

London, April 24.
The efforts which are being made to pass on with arrangements for the World Economic Conference were further evidenced to-day when an invitation to his colleagues on the Organising Committee to meet in London on April 29 was sent by Sir John Simon, chairman of the Committee, through the Secretary of the League of Nations.—Reuter.

STABILISATION ISSUE.

Regarding the conversations in Washington between the Anglo-American economic experts, the reports that they have disagreed on the rates for stabilisation of the dollar and the pound are denied. It is understood that the discussions hitherto have been concerned with the conditions upon which stabilisation can be made possible and the methods of determining the best rate.

BORAH'S BOMBHELL.

In the meantime, a small bombshell has been thrown into the Government's proposals for large-scale inflation, the constitutional position of the President.

It is learned that Mr. O'Brien, the Attorney-General, is now engaged in an investigation of raised by Senator Borah as to whether it is constitutionally possible to empower President Roosevelt to lower the gold content of the dollar.

PREMIER BUSY.

The Washington talks were resumed early to-day. Before the White House meeting, Mr. Ramsay MacDonald, accompanied by Miss Ishbel, had breakfast with Senator Borah and later the Prime Minister visited Senator David Reed, who was one of the United States delegates to the London Naval Conference.

Mr. Cordell Hull, United States

Secretary of State, and Mr. Phillips, Assistant Secretary, were in attendance at the White House when President Roosevelt received Mr. MacDonald, who was accompanied by the British Ambassador, Sir Ronald Lindsay.

After the morning talk Mr. MacDonald lunched at the Canadian Legation. The leader of the French delegation, Monsieur Herriot, who arrived during the week-end, was called into conference this afternoon when he was Mr. Roosevelt's guest at tea and dinner.

GERMANY'S DELEGATE.

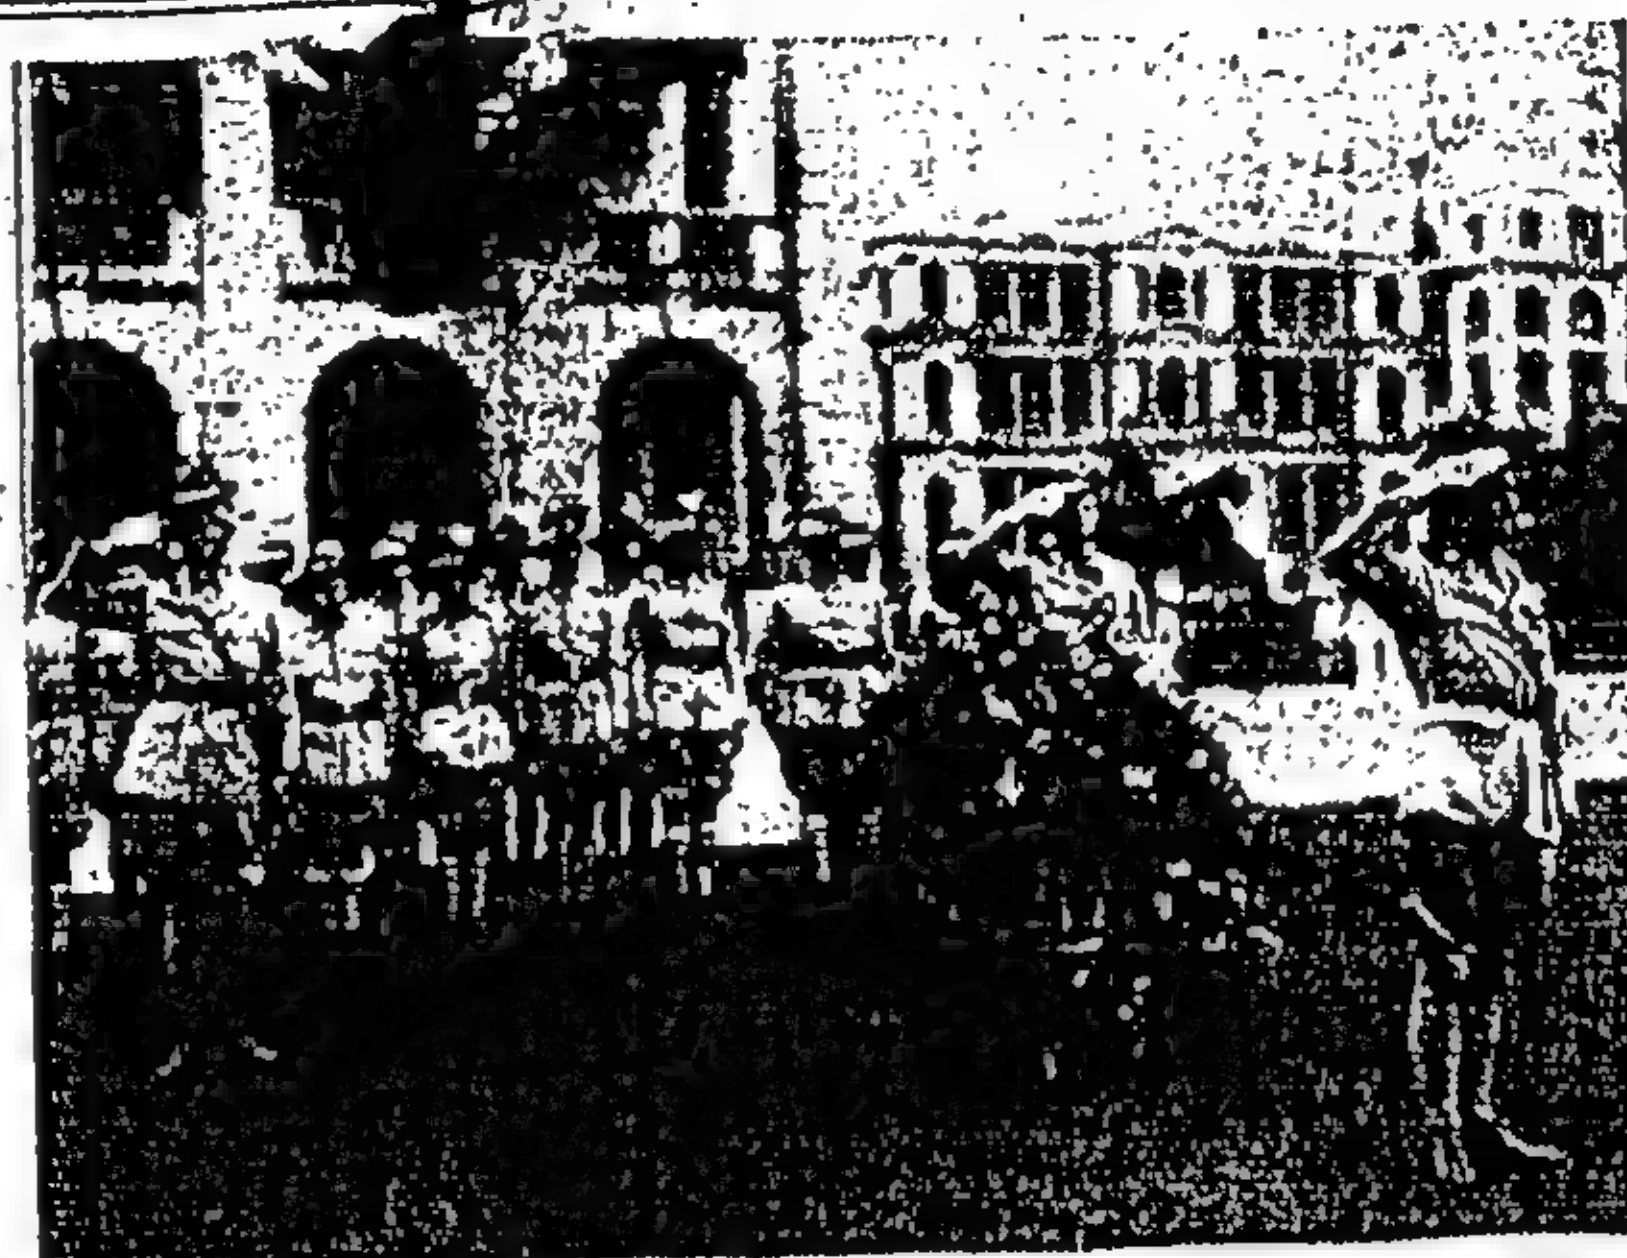

It is learned from Berlin that Dr. Schacht, who succeeded Dr. Luther as President of the Reichsbank, was appointed to represent Germany in the economic conference at Washington. It is understood that he will leave Berlin for America almost immediately.

NEW YORK SPECULATION.
The New York Stock Market was again a hive of activity and there was considerable fluctuation in the course of the day, the net result being a slight rise all round. In the morning there was considerable speculative buying, forcing prices up, and in the afternoon a wave of profit-taking was witnessed. It caused some depreciation, but the market stood the test remarkably well. Nearly five million shares changed hands.—Reuter and British Wireless.

SILVER JUMP.

The Hongkong dollar rose to 1s. 4½d. this morning and the under-tone locally is firm.

The rise of 15/16ths, ready and forward buying from America and by speculators, with small amounts offering and after the official fixing at a rate as high as 21d. was reported. In New York, considerable business was done and silver rose to its highest level for over a year, reaching 37½. The feature of the market was the firmness of futures, in which many contracts were handled.

17. Telegraph, Copyright. Telegraphic Messages Ordinance, 1891. Received, April 25, 8.37 a.m.

London, Apr. 24.
England's leading amateur golfers all participated in the English Amateur Close Championship which opened to-day at Ganton, Yorkshire.

Four previous holders, Stout, Sutton, Fiddian and Crawley were among the competitors. Keen matches were witnessed, but there was only one first-class sensation, in the second round of the competition, when Leonard Crawley, the British Walker Cup golfer, and the holder of the title in 1931, was defeated at the twenty-first hole by Epley, of the Royal Calcutta Club.

The other ex-holders got through without much difficulty.

HARTLEY RECOVERS.

There was nearly a second upset when Rex Hartley, in the first round, found himself four holes down at the turn to an unknown stranger of the Buxton club. Hartley played brilliant golf on the return journey, however, and eventually won by one hole.—Reuter.

AIR-LINER'S S. O. S.

DISASTER TO FRENCH CRAFT FEARED

CAUGHT IN HEAVY STORM

Naples, April 25.

Grave fears are entertained that disaster has overtaken a giant French air-liner which was caught in a severe thunderstorm while crossing the Apennines.

Despite intensive searches by sea and air, no trace has been discovered of the machine, which was carrying passengers on the Marseille-Baghdad service.

While in a storm over the Apennines, the machine got into difficulties and distress messages were sent out, since when the plane with its occupants has entirely disappeared.

SEVEN OCCUPANTS.

The plane was carrying a French crew of three and four passengers, including an American, Mr. John van Cleft, two Frenchmen and a Frenchwoman.

One of the French passengers was M. Delibes, an official in the French Colonial Service from Indochina.

It is generally believed that the machine crashed in the Apennines.—Reuter.

ECONOMIC WAR WITH RUSSIA

SIR JOHN SIMON TO MAKE STATEMENT

ENGINEERS AT WHITEHALL

London, Apr. 24.

A statement on the Russian question will be made in the Commons by Sir John Simon to-morrow.

The Royal proclamation, which was issued last week, a few hours after the British Government had received news of the sentence passed on the British engineers at Moscow trial, and under which the importation of about 80 per cent of Soviet commodities which this country had latterly imported is prohibited, takes effect as from to-morrow night.

The four British engineers who were deported from Russia visited the Foreign Office to-day and had a long conversation with the Foreign Secretary and officials of the Department.

Sir Esmond Ovey, the British Ambassador, who was recalled to London for consultation, was present.

Before proceeding to the Foreign Office, the engineers were engaged in consultation with Sir Felix Pole and other directors of Metropolitan Vickers, who later issued the following statement:

ABSOLUTELY SATISFIED

"The whole matter of the recent trial was discussed. The engineers were entirely unable to account for or explain the arrest of the Metropolitan Vickers employees. Mr. Monkhouse said he was absolutely satisfied that the company's instruction that they must concern themselves only with Metropolitan Vickers Company's work and be scrupulously careful not to take part in any political or other controversy affecting the Government of U.S.S.R., had been faithfully observed by all the staff. The Company, after listening to the verbal reports of the four engineers, are more than ever convinced of the innocence of Messrs. Thornton and MacDonald.

KING'S MESSAGE.

This morning the King, through Sir Clive Wigram, sent a message expressing his gratification that the Metropolitan Vickers Company engineers recently on trial had returned safely to England and his hope that their two colleagues who are still in prison in Moscow may also soon return home.

On behalf of the Company, Sir Felix Pole requested Sir Clive to convey to His Majesty the Company's dutiful thanks and warm appreciation of the gracious message which he undertook to communicate immediately to the engineers by whom it would be greatly valued and appreciated.—British Wireless.

MANCHUKUO'S DEMAND

FIXES DATE FOR RETURN OF C.E.R. STOCK

SHARP REPLY TO SOVIET

(Special to "Telegraph")

17. Telegraph, Copyright. Telegraphic Messages Ordinance, 1891. Received, April 25, 8.35 a.m.

Harbin, Apr. 25.
Manchukuo's reply to the Soviet Note on the C.E.R. dispute has been handed by Mr. Li Shue-kun to M. Kouznetsov, the Soviet Consul-General in Harbin.

The reply states that the Soviet Eastern Railway belongs to the U.S.S.R. is without legal foundation and that the same is, therefore, categorically refused.

Manchukuo denies that the Chinese Eastern Railway has two thousand Soviet wagons and that the evacuated C.E.R. wagons have not been returned by the U.S.S.R. owing to the military operations in Manchuria.

If M. Kouznetsov desires the re-establishment of normal conditions, then all wagons and locomotives illegally taken into Soviet territory must be returned before May 10, the date fixed by Manchukuo for the return of all the rolling-stock.—Reuter.

ANGLO-DANISH AGREEMENT

COMMERCIAL TREATY SIGNED

London, Apr. 24.

A commercial agreement between the United Kingdom and Denmark was signed at the Foreign Office to-day.

The agreement was signed by Sir John Simon and Mr. Walter Runciman on behalf of His Majesty's Government in the United Kingdom and by the Danish Minister on behalf of the Danish Government.—British Wireless.

CAMERA LEFT IN A RICKSHA

A rickshaw puller who could not give an explanation of his retaining possession of a new Kodak camera which he found in his rickshaw in the West Point district was fined \$30, or one month, by Mr. Schofield in the Central Police Court this morning. Det-Sergeant Kinnear said the camera was probably the property of a tourist.

A Chinese, charged before Mr. Schofield, at the Central Magistracy this morning, with having spotted lizards, claimed that they were good for eating purposes, and a medicine for removing phlegm. He was fined \$4.

THE WORLD OF WOMEN

Mrs. Roosevelt Poses in Inaugural Gown.

Inauguration was a "blue" day for Mrs. Franklin D. Roosevelt! The costume she wore at the ceremony was of blue shades that have been named for her, and the above pictures, especially posed by her, show how she appeared when she became the First Lady of the Land. The gown (left) is of Eleanor blue crystalline velvet—a two-piece peplum dress with an unusual double-draped surplice front. The long sleeves taper to tight cuffs. The skirt, straight-line, but flaring slightly at the bottom, is ten inches from the floor. The gown and coat, as well as the matching accessories, were made by Arnold Constable, New York. The coat (shown right) is made of a darker shade of crystalline velvet, called Anne blue. It is three-quarter length with shirred scarf and epaulet shoulders. The hat is of Anna blue Milan straw, and purse and pumps are of matching blue kid.

GLORIFYING YOURSELF.

By Alicia Hart

Don't greet spring with a double chin. If you have one there are ways to get rid of it. If you don't have one, but are over thirty, you should take steps to avoid ever developing one.

Nothing so disfigures a woman as a chin that has doubled itself. It adds years to your face and general appearance.

There are creams and lotions made especially for reducing a double chin. You can use them right at home providing you follow directions closely. Of course, if you can afford it, the treatments given in beauty shops are advantageous. Any reliable shop can give you special facial treat-

ments which will tend to reduce the superfluous flesh under your normal chin-line.

Most of the preparations to be used at home should be used in conjunction with a patten. This is a long-handled stick affair which is padded on the end. You can make your own by attaching a cotton pad to the end of a stick about a foot long. Be sure it is long enough to be flexible.

The ideal time to treat your double chin is at night before you go to bed.

First, remove all dirt of the day by thoroughly cleansing your face and neck. Now apply a strong astringent to your double chin and pat the skin for ten minutes using gentle but firm, upward strokes. Now tie up your chin with a piece of linen soaked in the astringent and leave it on while you take bath. After the bath, remove the cloth and apply the special cream or lotion for reducing chins. This should be patted in for ten minutes with

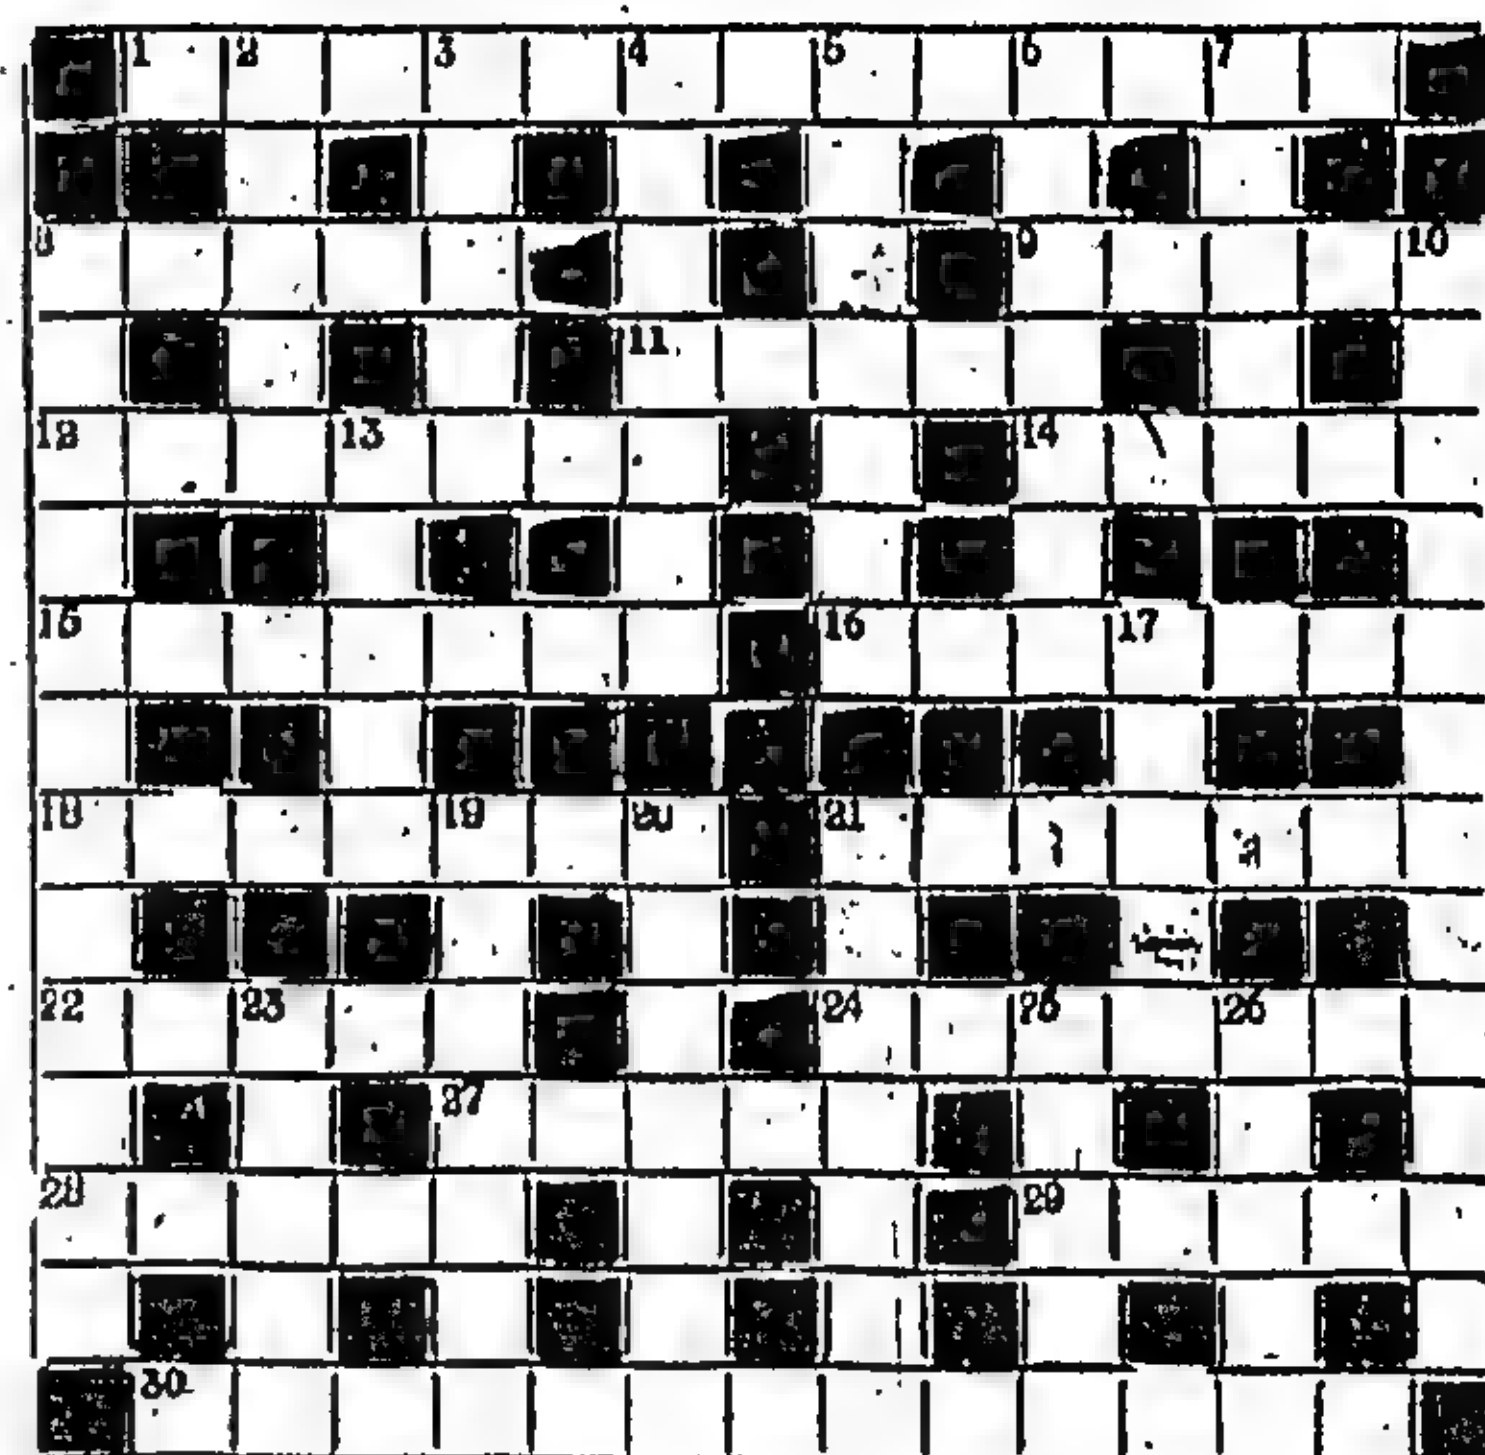

the patten too. Remember to use only upward strokes and don't get too vigorous with the patten. There is danger of injuring the tiny blood vessels in the skin if you pound instead of patting.

The last step, if your chin has really developed into a double one, is to adjust a rubber chin strap and leave it on all night. Don't remove the superfluous lotion or cream before tying on the chin strap. If you do not actually have one and merely have a tendency to develop one you may omit the last step.

FOR PATENT LEATHER

If your patent leather shoes are shabby, treat them to a coat or two of clear varnish. This will make a wonderful difference, and render them quite waterproof, especially if the soles are done as well.

A black and white photograph showing a large crowd of people, primarily women wearing long, light-colored dresses, gathered in an open, grassy area. In the background, a large, multi-story building with many windows is visible. A large, leafy tree stands prominently on the right side of the image. The scene appears to be a public event or a social gathering in a park or courtyard.

The cherry blossom tea party held in the garden of Mr. T. Morioka, manager of Shanghai branch of the Mitsui Bussan Kaisha, was an interesting affair and was largely attended by leading residents of Shanghai. Mrs. Morioka made a charming hostess, and although the sky was overcast, it did not detract from the beauty of the cherry blossoms. Our picture shows a portion of the throng that attended.

Fame and great wealth already belong to this tiny baby boy, shown in the arms of his mother in the American Hospital in Paris. For he is the son of the Aga Khan, famous sportsman and spiritual leader of millions of Moslems. The child was eight days old when this first picture was taken. The Aga Khan's wife is a Frenchwoman.

The above photograph shows Rear-Admiral M. Demizu, special envoy of the Japanese Emperor, arriving in Shanghai to deliver to the officers and men of the Japanese navy here an Imperial message of appreciation for the manner in which they discharge their strenuous duties.

There was a large and enthusiastic crowd at the Hungjao aerodrome to greet Mills. Maryse Hilla upon her arrival in Shanghai from Hongkong on last week. She made a flight from Paris to Tokyo and successfully flew to Seoul from Shanghai on the last stage of her journey. Photo shows Mills. Hilla beside her plane shortly after arrival. On her left is M. Jacques Meyrier, French Consul General.

An interesting ceremony was witnessed in the reception hall of the Central Bank of China Shanghai, when Dr. H. H. Kung, the new Governor of the bank, was officially inducted into office. The ceremony was held under the supervision of Dr. Tsai Yuan-pel, representing the Central Treasury, and Minister of Finance, W. Soong, who represented the Nanking Government. After the seal of the bank had been handed to Dr. Kung by Mr. Soong, the latter, Dr. Tsai and the Chinese Consul, each made short speeches. The above photograph shows some of the Chinese notables and bankers who attended the ceremony. Dr. Kung is shown seventh from the left, with Mr. Soong on his right and Mayue Wu Te-chen on his left.

CEMENT COMPANY'S ANNUAL MEETING

(Continued from Page 7.)

modify can now be obtained at about Rs. 20-4 per ton as, following the drop in the Yen Exchange, the price has now reached the very low figure of Rs. 12-8-0 per ton C.I.F. Bombay.

2. To this figure of Rs. 12-8-0 must be added Customs Duty at Rs. 12-12-0, Port Trust and other charges Rs. 8 per ton, which brings the price to Rs. 20-4-0 per ton delivered at Dealers' shop.

3. Taking the C.I.F. value of Rs. 12-8-0 per ton we estimate that the cost of gunny bag or other form of packing will not be less than Rs. 6 per ton, handling charges at Port of shipment say Rs. 2 per ton and if we take the sea freight from Japan to Indian Ports at so low a figure, as Rs. 6 per ton, the actual return to the Manufacturer for the cement cannot be more than eight annas per ton.

4. It is obviously impossible to manufacture Portland cement at eight annas per ton. At such a price it simply means that the cement is given away.

5. The actual cost of manufacture in Japan is stated in the Report on Economic Conditions in Japan issued by H.M. Department of Overseas Trade in 1930 (page 36) to be Rs. 64 per barrel and in some cases Rs. 60 per barrel. The latter price works out to 18s. per ton, which is equivalent to 7.35 Yen or Rs. 12 per ton, at the normal rate of exchange.

6. We attach herewith original letters and photographs of original letters (all marked "B") showing that Japanese cement is offered at from Rs. 15/- down to Rs. 12-8-0 per ton, C.I.F. BOMBAY. (The drop in price being solely pursuant to the further drop in the Japanese Exchange).

7. We contend that Japanese cement is being landed in this country at prices which can definitely be described as "Dumping." In support of this contention we would state that in March 1932 the price of cement in Japan was 24.4 yen per ton, which is equivalent to Rs. 38-5-0 per ton, at the normal rate of exchange.

"Dumping" Defined.

8. This price was verified for us by the Director General of Commerce, Intelligence and Statistics, vide copy of his letter of the 24th March, 1932, attached hereto.

9. If Japanese cement were to be sold in India upon the same price basis as in Japan and at the normal rate of exchange, the cost to the Dealer in India, after adding all the charges enumerated above, should be Rs. 57-1-0 per ton, at his shop, whereas it is actually sold to him at Rs. 20-4-0 per ton, thereby coming under the definition of "Dumping" as set out in paragraph 134 of the Report of the Indian Fiscal Commission 1921/22.

10. The fact that supplies of cheap Japanese cement are available is becoming known very rapidly in the interior markets of India, with the result that this product is being found at destinations between five and six hundred miles from Ports, where it can be delivered at prices below the current rates for Indian cement.

11. It can therefore be said that, within a radius of five to six hundred miles of Indian Ports, the Indian Cement Industry is in serious danger on account of Japanese competition, as in these areas over 75% of the total consumption of cement takes place.

Every Sacrifice.

12. The Cement Companies in India have made and are continuing to make heavy sacrifices in their efforts to meet this unfair competition, but the heavy fall in the Japanese Exchange has increased their difficulties and unless some assistance is rendered by Government, there is a grave danger that the present wide disparity between output and off-take will be increased still further, which will bring about a curtailment of production, resulting in further unemployment, loss of traffic to the Railways, loss of trade to the Indian Coal fields, the Jute Industry and various other interests which will be seriously affected by any decline in the Indian Cement Industry.

13. In presenting our case to Government for protection against the dumping of cheap Japanese cement in this country, mainly on account of the depreciation in the Japanese currency, we would instance a parallel case which took place in South Africa in the years 1920 to 1928. During that period Belgium was able to quote abnormally low prices for cement supplied to South Africa, not only because the manufacturing cost was low, but also primarily on account of depreciated currency. The South African Government therefore promptly levied an Exchange Dumping Duty on account of the depreciated value of Belgian currency. This duty operated from the 10th of May 1920, with a most beneficial effect to the local Cement Industry, up to the 26th of February, 1928, when Belgium again stabilised her currency.

14. We also understand that in the United States of America the tariff duty on imports of foreign goods is based upon the selling price of goods in the country of origin, plus the shipping and handling charges incurred in placing the goods on land in the United States.

India Measures.

The result of such "representation" has been that the Government of India has taken the necessary steps for the denunciation of the Trade Convention between India and Japan, and that notice has been given to the Japanese Government whereby the most favoured nation treatment accorded to Japan under the Convention will lapse after the expiry of six months.

In making the announcement in the

above relation, Sir Joseph Shore, the Commercial Member in the Legislative Assembly, declared that in proposing legislation against dumping and abrogating the Trade Convention, the Government were not actuated by feelings of ill-will towards any country, adding that the measure was purely defensive and in order to neutralise the effect of special conditions, such as depreciated currency and other factors causing the dumping of goods into India at abnormally low prices and thereby endangering the existence of Indian industries.

Further Prospects.

With reference to future prospects, there is a great deal of construction work in view, both in the Colony and in Canton and districts, and given fair competition, there is no reason why this Company should not obtain its fair share of orders for the Cement required.

The year 1932 did not commence too well, but the volume of business has increased considerably during the past few weeks, with the result that both kilns have now been brought into productive operation, and we trust that such business will be maintained.

Your Company, as you are aware, possesses one of the finest Cement factories in the world, a factory that is capable of manufacturing its product at prices which compare favourably with the Cement manufactured elsewhere—but we cannot possibly compete with "dumping"—which your Board are of the opinion cannot be too sufficiently emphasised. In view, therefore, of the foregoing, and the necessity for conserving the cash resources of the Company, your Board is respectfully constrained to announce that it is unable to recommend that a dividend should be distributed in respect of the earnings for the past year, and in recommending that the sum of \$581,110.91 should be carried forward to the credit of the current year, your Directors consider that, in the light of existing conditions, the recommendation should appeal to Shareholders as essentially a prudent one. There being no further matters to which I can usefully refer, I now beg to formally propose that the Report and Accounts for the Financial Year ending 31st December, 1932, as presented be adopted and that the recommendation of your Directors of the sum of \$581,110.91 be carried forward to the credit of the current year be accepted, and I shall be much obliged if some Shareholder will kindly second that proposal, whereupon questions as to the Report and Accounts may be raised.

Mr. C. F. Mendham seconded the Report and Accounts.

The resolution was carried unanimously.

OTHER BUSINESS.

Messrs. A. L. Shields and T. E. Pearce were re-elected to the Board, on the proposal of Mr. H. J. M. Figueroa, seconded by Mr. A. H. Carroll.

The re-election of Messrs. Linstead & Davis and Messrs. Lowe, Bingham & Matthews as Auditors, was proposed by Mr. A. McKirdy and seconded by Mr. M. A. de Figueroa.

Those present were: Messrs. J. Scott Harston (Chairman), J. H. Taggart, A. L. Shields, T. E. Pearce, Li Tse-long, and O. F. Mendham (Directors); Mr. Allan Keith (Secretary), and Messrs. A. H. Carroll, P. C. Potts, H. J. M. de Figueroa, G. H. Sykes, A. McKirdy and F. E. Silva (shareholders).

"That's Me—As I was!"

A bundle of nerves, depressed, prematurely aged, miserable...

This condition is a result of allowing the blood to become depleted and thin. The nerves are weakened because they have not been receiving the proper nourishment from the blood. Digestion is deranged for the same reason, resulting in further malnutrition.

With such conditions there is also often insomnia, that trouble so dreaded by neurotic people.

But there is a proved remedy at hand in Dr. Williams' Pink Pills. This world-famous remedy is definitely known by members of the medical profession to possess the unique faculty of increasing the haemoglobin content and improving the blood count. In simple language this means improving the quality and quantity of the blood.

When the rich red blood which Dr. Williams' Pink Pills create is flowing in your veins the whole system is at once invigorated, new nervous energy is created, the nervous system and the digestive organs rehabilitated.

For all nervous conditions and other troubles resulting from blood impoverishment (anaemia) you cannot take a more reliable remedy than Dr. Williams' Pink Pills. By making new rich blood they make a new person of you altogether.

HAPPY ADVERTISING. 4.

Romance in Business? undoubtedly there is, and the interest attached to our own business is worth recording.

Very many years ago, when the Late King Edward VII. was Prince of Wales and serving with the Royal Navy on the Mediterranean Station, our Mr. C. H. Bernard had the honour of serving closely with His Royal Highness.

Imminent retirement from the Service and a capacity for business suggested to Mr. C. H. Bernard the necessity for reviewing the prospects, which finally resulted in the blue skies and the happy comradeship of the Navy being left behind in the Mediterranean.

That Mr. Bernard was eminently successful in business is emphasised by the fact that within a few months he had secured important Naval contracts, and further, had built up such a specialised business, was commanded to appear at Buckingham Palace for the purpose of receiving orders for the Royal Household. This for many years the House of Bernard had the signal privilege of being the exclusive tailors to H.R.H. The Prince of Wales, H.R.H. The Duke of York, H.R.H. The Duke of Gloucester, and to Princess Mary Viscountess Lascelles.

In April 1902, Mr. C. H. Bernard was granted the Royal Warrant of Appointment, and the issue of the "Court Circular" for that month gave considerable space in outlining Mr. C. H. Bernard's success, and suggesting that he was *persona grata* at Court.

We then received the honour of providing the first uniforms for Their Royal Highnesses, and to-day we still have the privilege of serving Members of the Royal Household.

From the happy comradeship of the Mediterranean of the late 'eighties has sprung the business which carries large Naval contracts, and a service which supplies more than 30,000 personnel of His Majesty's Navy.

Last year over two hundred miles of cloth were used in our extensive workrooms, and three thousand work-people were kept employed.

Our activities cover the world and where so very many years ago, Mr. C. H. Bernard had the honour of serving with His late Majesty King Edward VII., we now have three well fitted establishments, surely a token of well considered enterprise.

To-day in Hongkong we have brought a service which must inevitably lead to better shopping facilities and reasonable prices in the Colony.

CEMENT COMPANY'S ANNUAL MEETING

SERIOUS EFFECT OF DUMPING OF JAPANESE PRODUCT

Despite the serious threat to the industry caused by the dumping of the Japanese product, the Chairman of the Green Island Cement Co., Ltd., (Mr. J. Scott Harrison) took a hopeful view of future prospects when addressing shareholders at the annual general meeting this morning.

The whole position regarding dumping and Government protection was exhaustively reviewed by the Chairman in comparison with a parallel situation existing in India and Malaya.

CHAIRMAN'S SPEECH.

The Chairman said: Gentlemen—You will observe by reference to the Dole side of Profit & Loss Account, that after effecting Depreciation to the extent of \$275,164.55—which amount has been debited direct to Working Account—and allowing for all charges including the sum of \$105,627.16 in respect of Interest and Exchange, the balance of Profit & Loss Account amounts to \$431,278.03, being an increase of \$105,853.91 over the figure for the preceding financial year. Your Board, whilst appreciating that such increase is, to a certain extent, gratifying, is nevertheless disappointed that the result of the working for the year has not shown a larger increase—this being attributable to certain adverse factors, which materially affected the trading for the year—more particularly the last quarter thereof—a matter to which I propose to refer later.

VICKERS ACCOUNT.

Turning to the Balance Sheet, you will notice on comparing same with the Accounts as presented last year, that certain important changes have been carried out. On the Assets side, you will observe that we have included under the heading "Hok Un—Hongkong" and "Steam Dredger, Barge, etc." the sums of \$2,042,002.08 and \$20,220.03 respectively—these amounts representing payments due to Messrs. Vickers-Armstrongs Ltd., in final settlement of the contracts entered into in relation to the New Plant and certain necessary adjuncts thereto. Your Board is of the opinion—with which opinion the Company's Auditors are in complete accord—that by setting forth these amounts in the manner prescribed, Shareholders are enabled to survey the financial position of your undertaking comprehensively, more particularly so, in view of the fact that the contra side of the Balance Sheet displays a substantial amount outstanding in connection with the liability of the Company in respect of these particular commitments. Since the close of the financial year, a sum of \$609,995.20 has been remitted to Messrs. Vickers-Armstrongs Ltd.—leaving a debit balance of approximately fourteen lakhs outstanding, which—in conformity with the terms in respect of the month of February this year, your Company was forced to cease the manufacture of Cement at Hok Un for a short period, due to the fact that the available storage room both in silos and sheds was filled to capacity. As a result of the temporary closure of your Hok Un Factory, the Company has had to face a loss covering such period, and it would appear opportune, therefore, for me to point out to those concerned with the welfare of local industries—of which I may here add your undertaking is one of the largest—that whilst capable in common with manufacturing legitimate competition to survive the intensified "dumping" which is now being experienced in this Colony and elsewhere. In this connection, I may incidentally add that, having regard to the fact that Japanese Cement is being sold for consumption on the Home market, i.e. in Japan, at prices which are on a par with those at which your Company vend its product locally, it is reasonable to assume that, in the event of your Company having ultimately to abandon the manufacture of Cement and permanently close down its works, owing to such intensified "dumping," prices of the imported product (which, as I have previously pointed out, are being marketed at rates materially below cost) will not be maintained at anything like the existing levels.

CALL ON SHAREHOLDERS.

In respect of the final payment falling due in February of next year, however, it will be necessary for your Board to call up the balance of the unpaid capital in order to finance such payment and effect a reduction in the indebtedness of the Company to its Bankers.

Whilst dealing with the subject of the New Plant at Hok Un, I would remark that we have transferred from the credit of Profit & Loss Account, the sum of \$427,578.59, which stood last year under the heading of Exchange Fluctuation Reserve (a Reserve created from the surplus made available by the disposal of certain Exchange contracts at favourable rates) as a result of the arrangements effected in relation to deferred payments which sum, being in the nature of a profit on Exchange, has been written off the cost of New Plant.

Investments, which Council Debentures, show December last, and it is the intention of your Board to dispose of such Debentures when a favourable opportunity occurs.

LARGE STOCKS.

You will observe that the item under the heading "Cash in hand," which appeared in the previous Balance Sheet in respect of the sum of Taels 36,000 on Fused Deposits in Shanghai, has now disappeared, due to the fact that this amount was transferred to Hongkong during the year 1932, which transfer incidentally showed a small profit in exchange of \$1,738.47.

Before leaving the Balance Sheet, I would refer to the Stocks at Hok Un and Macao, which stand at \$1,993,620.22, indicating an increase of nearly \$900,000 on the figure for the preceding year under this particular heading. This increase is due to the fact that during the latter portion of the year under review, which led to an accumulation of both raw and manufactured material, I am pleased

however, to be able to state that your Board has every confidence that, despite the present adverse conditions, your Company will be enabled to effect a material reduction in these stocks during the current year.

Business covering the year 1932 was satisfactory during the first seven months thereof; in August, however, your Company began to feel acutely the effects of the importation of Cement from Japan, which product was offered and is still being marketed locally at prices which, according to our technical advisers, are materially below manufactured cost. The reaction of prices of imported brands to a level below actual production cost had the effect of curtailing the sales of locally manufactured cement, as it naturally followed that contractors and dealers took advantage of the cheaper article. Other factors which caused a falling off in sales were, firstly, the ban on the importation of our Cement into Canton and Kwangtung at the end of October last—which ban, I may say, was lifted on the 18th January, 1933—and, secondly, the drastic curtailment made in the building programme in Malaya, due, in the latter case, to the prevalent business depression.

MALAYA'S LEAD.

In regard to Malaya, I may add that, although Cement from Japan is being offered there at prices which will permit reasonable competition, nevertheless, the Government of Malaya has specified that nothing but British or British Colonial Cement shall be utilised in the carrying out of Government contracts, and we trust that in due course, the Hongkong Government will follow the lead of Malaya in this respect, more particularly when it is borne in mind that your Company is in a position to demonstrate that—whilst it cannot hope to compete with dumped Cement—the manufactured cost and retail price of its product bears a favourable comparison with the relative figures pertaining to similar organizations engaged in the Cement trade in other parts of the world and the Empire in particular. The sentimental aspect of the situation, if I may be permitted to so term it, is emphasized by the fact that your Company in one of the Colony's leading industries and gives employment to approximately 1,500 hands.

Dumping Acute.

The position vis-a-vis the importation of Cement from Japan has been so acute since December last that in the month of February this year, your Company was forced to cease the manufacture of Cement at Hok Un for a short period, due to the fact that the available storage room both in silos and sheds was filled to capacity. As a result of the temporary closure of your Hok Un Factory, the Company has had to face a loss covering such period, and it would appear opportune, therefore, for me to point out to those concerned with the welfare of local industries—of which I may here add your undertaking is one of the largest—that whilst capable in common with manufacturing legitimate competition to survive the intensified "dumping" which is now being experienced in this Colony and elsewhere. In this connection, I may incidentally add that, having regard to the fact that Japanese Cement is being sold for consumption on the Home market, i.e. in Japan, at prices which are on a par with those at which your Company vend its product locally, it is reasonable to assume that, in the event of your Company having ultimately to abandon the manufacture of Cement and permanently close down its works, owing to such intensified "dumping," prices of the imported product (which, as I have previously pointed out, are being marketed at rates materially below cost) will not be maintained at anything like the existing levels.

In the foregoing relation, and with a view to offering substantive evidence as to the facts with which I have felt constrained to furnish Shareholders, I would refer to the representation under date the 17th October, 1932, addressed by the Cement Marketing Company of India Ltd. (on behalf of the Cement Companies of India), to the Secretary of the Government Department of Industries and Labour, New Delhi, calling attention to the intense competition then being encountered in India as a result of the importation at very low prices of Cement manufactured in Japan, following the recent heavy depreciation of the currency of that country and praying for protection against what is there described as "this unfair competition."

Situation in India.

The above Representation goes fully into facts and figures with a view to demonstrating that the competition complained of can definitely be described as "Dumping," and I quote the following passages therefrom:—
"1. Prior to the fall in the Exchange, the Importers of Japanese cement had to pay about Rs. 37-12-0 per ton delivered at Paris, whereas the cement (Continued on Page 4.)

SOCCER CLUB RUINED BY SUCCESS

Boness Doing Well Until Promoted

At a meeting recently of the shareholders of the Boness Football Club, a resolution was passed winding up the company. Boness was expelled from the Scottish League in November last for failure to pay certain outstanding debts of guarantee money.

Mr. Campbell Falkirk, who was appointed liquidator, said that the club was in a very sound financial position until promoted to the First Division of the Scottish League.

CLUB RUINED.

A single year's experience in the First Division with heavy guarantees and other expenses, had ruined the club.

This announcement that a football team has been literally ruined by success may occasion some surprise. Yet it is not uncommon to hear it said in English football circles that such-and-such a team is not keen on promotion. This is tantamount to saying that the club in question finds it more profitable to continue in their present sphere.

It is natural that many of these rumours are greatly exaggerated and some are entirely false. Yet the fact remains that there is a certain amount of truth in the assertion that success in the League is not always of financial benefit to a club.

ANZAC DAY IN HONGKONG

CEREMONY AT THE CENOTAPH

Eighteen years ago, the Australian and New Zealand Army Corps assisted by a British Expeditionary Force landed on a beach on the Gallipoli Peninsula to begin an historic campaign and on that grey morning the name of Anzac was born.

This morning, Australians in Hongkong commemorated the day. At 11 o'clock, a two minutes silence was observed at the Cenotaph, during a most impressive ceremony.

At 10.45 a.m., members of the Anzac Company of the Hongkong Volunteer Defence Corps "fell in" at headquarters and marched to the Cenotaph, taking up a position in front of and facing the monument.

As the hour of eleven was striking, two buglers from the South Wales Borderers, raised their bugles and sounded the "Last Post."

The notes died away but the assembly remained in silence. The noise of the city went on unabated but no sound came from the group who had gathered to pay homage to the Australian dead.

Bearing the principal wreath from the officers and men of the Anzac Company, Lieut. C. de Saille Robertson, accompanied by 2nd Lieuts. J. Way and A. E. Bates, mounted the steps, laid the wreath, saluted and retired.

Other wreaths were laid on behalf of the Royal Navy (Commander C. Heath Caldwell, D. S. C.), the Royal Air Force (Flying Officer W. P. G. Proby, Adjutant, Kai Tak Aerodrome), the Hongkong Volunteer Defence Corps (Col. L. G. Bird and C. S. M. Parkinson Scottish Co.) the British Legion and ex-Servicemen's Association (Col. Robertson), all ranks of the South Wales Borderers (Lieut. W. K. Miller and R. S. M. Theobald) Royal Artillery (Major A. C. Hancock, M.C., R.A.).

EUROPEAN FINED

SPEEDING IN A CONTROLLED AREA

Mr. San Martino, of A. Vannini & Company, was summoned before Mr. Schofield in the Central Police Court this morning, for driving his car through Whitefield, a controlled area, at 25 miles per hour.

Defendant pleaded guilty and was fined \$20. Traffic Sergeant Baker said he followed defendant from the A.E.C. Installation, North Point to Ah King's alleyway. His speed was between 25 and 30 m.p.h.

Defendant—It was less than 25. It was 23.

Sergt. Baker—He had one hand on the horn and was blowing it every other second.

HAWKING PROBLEM

BIG BLOOD SELLER DISCHARGED

In charging a Chinese before Mr. Wynne-Jones in the Central Police Court this morning, Sergeant Reidy said that defendant sold pig blood and went to stalls that called for him. He did not go form stall to stall in the ordinary way.

The Magistrate—Rather like the baker's cart at home. Sergeant Reidy said a similar case was dealt with by Mr. Nihill in 1927, but he had forgotten the ruling. He had brought the present case to Court for decision.

The Court held that defendant was not hawking and discharged him.

REPOSITORY

(Continued from Page 6.)

churned out in this part of the world, produced by a small company of enthusiasts in Canton and extremely well printed by the Shamen Printing Press. Artistic seems to be the suitable word and it applies not only to the mechanical side of the publication but also to its contents. The copy I have is dated March 1933 and the authors hide their light behind initials. There is no indication whether it is a collection of a few treasured scraps which the authors considered, with ample justification, worthy of print, or whether it is the first of a series in similar vein, by a group of poets at play working off their creative energy.

Coming hard on the heels of a series of demonstrably lesser efforts, which shout their wares for a day and disappear into the limbo, "The Repository" is an intellectual treat. The authors are gifted with an easy cynicism and a graceful avoidance of reality, indulge a few prejudices, are charming, cheerful and thought-provoking in turn and leave the reader with a pleasant taste in the mouth even when C. B. reveals a philosophy which one accepts for stark materialism expressed in one place at least, in a manner which would appeal most persons. C. B., in his philosophical mood, also mocks the age in a piquant article, most of which is worthy of quotation marks.

"To-day, though decadent," he says, "we are refined and comely. But when compared with even the precious sensibility and the wayward sensuality of half a century ago, we are spiritually unsexed and indifferent to any thickening of the blood. . . . With facile compromises we shrink and ignore and gloss over the rugged irregularities of belief and opinion. The life of man is a fetid and his death an abhorrent annihilation. The cause, the example, the legacy are nothing. Death is the climax. So we devise artificial and inadequate means of staving it off, where death would be welcome and easy relief. We snivel sentimentally over circumstances that neither solicit nor require our attention. And as a climax to the whole catastrophe, we add, with all the paraphernalia of an enlightened age, the monstrous lie of democracy. . . . and away he goes in the same strain, sharp and piercing, challenging, uncompromising, yet making one wonder whether he is really laughing at us 'the perpetrators and the authors, the spectators of our own calamitous tragedy.'"

It is stimulating even to the reader of his creed.

So is "The Repository" as a whole.—W. J. K.

CRAIGENGOWERS' NEW TENNIS CAPTURES

HAPPY OUTLOOK FOR
LEAGUE SEASON

(By "Veritas")

If there is one club which is anticipating the forthcoming tennis league season with perfect equanimity, in fact, absolute confidence, it is the Craigengower Cricket Club.

And they have plenty of reasons for such an outlook. Here are just six of them.

Y. Hachuma and D. Leonard (semi-finalists in this year's Open Doubles Championship)—Tam Yoc-fong and Tsui Yan-pui.

A. V. Gosano and R. Choi

These six players will more than likely constitute the senior team this summer and it needs only a rapid glance at the names to convince one that it is going to be a pretty powerful combination.

The capture of Tam Yoc-fong, conqueror of L. Goldman in the singles championship, and ex-finisher for the Hanoi title, together with Tsui Yan-pui, younger brother of Tsui Wan-pui, should prove a big thing for the Club.

Both are young players, needing experience to round off naturally talented games, but as they are already indulging in serious practice daily at the C.C.C., they should take the courts at the end of next month well fitted to meet any opposition.

OLD COURT COLLEAGUES.

Craigengower are fortunate to have obtained the services of A. V. Gosano and his partnership with Robert Choi should prove of great benefit to the club. These two have been playing together for two or three years and have reached an understanding which makes up for any deficiencies in stroke production.

But in addition to these three very useful pairs, the Craigengower will be in the position to call on G. Lai and E. S. Howard, who played regularly for the first team last summer, if their services should be required. In any case, these two will strengthen the second string very considerably, and as the remainder of the 1932 players have been retained, Craigengower will probably be fielding the strongest team of reserves in the history of the club.

The report that Lai Kwong-tsun was to play for the club is unfounded, but it was thought that J.A.E. Cassumbhoy might join the team. He has, however, gone in with his old clubmates of the I.R.C.

K.C.C. Tennis
Tourney

The good progress made on Sunday in the Kowloon Cricket Club tennis tournament encourages the belief that the remaining 128 matches will be completed well within the schedule.

Competitors, however, are requested to note the committee's decision that outstanding games can be played off during the week if so desired.

All participants who remain in the various events are asked to be present at the K.C.C. on Saturday next at 2.30 p.m., and again on Sunday afternoon, when further arranged programmes will be played.

CASSUMBHOY WILL PLAY

IN INDIAN R. C. LEAGUE TEAM

A WEEK-END DECISION

(By "Veritas")

J. A. E. Cassumbhoy, the I.R.C. tennis player, and runner-up in this year's open championship, who was doubtful as to whether he would participate in league tennis this season, has made his decision.

He will play for the Indian Recreation Club and take his customary place in the senior team.

This means he will team up with I. M. A. Razack, with whom he has played for the last two years, and who entered together in the doubles championship last February, and the I.R.C., are thus assured of a second strong pair for the A Division side.

PROBABLE TEAM

The team will probably consist of S.A. and H.D. Rumbahn, Cassumbhoy and Razack, and Pereira and Minu, the latter being taken from last year's B Division combination.

Cassumbhoy decided to throw in his lot again with the I.R.C., during the week-end, and in view of this the Indians are expecting to offer a renewed and even more determined challenge to regain the championship which they lost in 1932.

Petersen May Meet Rosenbloom for Light-Heavy Crown

Jack Petersen, the British heavyweight champion, may make his first attempt to win a world's title in June or July.

Negotiations are proceeding for a match on the Cardiff City Football ground between Petersen and Max. F. Rosenbloom, the American holder of the world's lightweight championship.

Jack is excited at the prospect of having such an early chance of gaining a world's title, and he is confident that he can beat Rosenbloom, Petersen's father declares.

Rosenbloom fought in England as a middle-weight. He was knocked out by Tommy Milligan in eight rounds at the Royal

PHILIPPINE SWIMMERS MAY VISIT H.K.

LOCAL ASSOCIATION SENDS OUT INVITATION TO TOURISTS

NEW CHINESE CLUB JOINS UP

If the request of the Hongkong Swimming Association is granted, Hongkong will be given an opportunity of seeing the Philippine swimmers, who are to tour Formosa, in action.

A lot too, depends on the route which the southern swimmers take, it was revealed at a meeting of the Council of the local Swimming Association last night. It is more than possible that Hongkong will not be touched en route, but the local body have decided to write to the Philippine Association asking if it is possible to arrange a contest with the tourists. Among other important business transacted at the meeting, the rules governing the water polo league, drawn up by a sub-committee were presented and approved.

LEAGUE NEXT MONTH.

It was announced that entries for the polo league will close on Wednesday, May 24, at 6 p.m., and that the league will start on June 6. This applies to both senior and junior sections.

Both divisions will play one round each, and it was intimated that the Association would have five baths at its disposal.

A newly formed club of young Chinese made application to join and this was granted. They join under the name of the "Young Companions Aquatic Association," or as it is called in Chinese the Liang Yau. They will compete in the polo league.

Before the close, a water polo league sub-committee of five was elected to run the league and to deal with the Referees Board.

Y.M.C.A. v. COMBINED NAVY.

The following teams will turn out for the Y.M.C.A. versus Combined Navy water polo match at the Y.M.C.A. on Thursday of this week at 6.10 p.m.

Y.M.C.A.:—F. Nicolls; J. Henry and W. Kerr; W. T. Campbell; A. Donn; J. Schreuder; B. Lange. Reserve, L. Goldman.

Jimmy Foxx scored home run for Philadelphia in their decisive win against Boston by 16 runs to 10, and another fine match was seen in the National League, where Philadelphia just pipped Boston, Hogen and Klein scoring home runs for their sides.

CONTRACT BRIDGE

By W. E. McKenney

Perhaps the most talked of hand of the Eastern Championship Tournament is the one given below. A crack New York pair were playing North and South. Samuel Guggenheim and Omar Mueller of Cleveland were playing East and West. North and South were not vulnerable. The peculiar part of this particular hand is that a grand slam can be made by North and South in diamonds or East and West in spades.

♣ 5-4	♣ 5-4	♣ 8-4-3
♣ None	♣ None	♣ 8-4-3

The Bidding

The bidding was unusually interesting. South passed, West bid one spade. This bid was subject to a great deal of criticism as the hand contained at the very most one and one-half high card tricks, but certainly with the distributional possibilities of the hand, West cannot be criticized for opening the bidding. The ace of spades and the king of hearts in partner's hand will produce a game for West. With the ace of diamonds and the king of hearts he cannot miss game.

So certainly, when holding a hand that only requires one and one-half tricks from your partner to produce game, you should not be criticized for making an opening bid—rather complimented on your strategic bidding. Remember, however, that when you have opened the bidding with this type of hand, that you have taken command of the ship and that at no time can you stand a double. Regardless of how high your opponents bid, if your partner doubles, you must be prepared to take that double out.

After the opening bid of one spade by West, North doubled showing a hand much stronger than an ordinary overall. East rather complicated the situation by raising his partner to four spades. South made a bold bid of five clubs which West passed. North, who had originally intended with his double to show both hearts and diamonds, now felt there was a possible slam in clubs and went six clubs—and the surprising thing happened.

Omar Mueller, sitting in the East position, passed six clubs. He felt quite confident that he had North and South in the wrong suit and if he were to double they might get into the right bid, therefore his pass of six clubs was a very marvelous bid. South passed, but West, who was void of clubs, now felt confident that North and South could make six clubs and put in what he thought to be a very good sacrifice bid of six spades which North doubled.

East, holding six clubs, realized that his partner must be void of clubs and as long as he could bid and re-bid spades, East sees no possibility of losing the contract, and therefore re-doubled. All passed, and the final contract was six spades by West doubled and re-doubled.

The Play
The king of hearts was opened by North and East and West made a grand slam for a plus score of 1920 points. Even if North had opened the ace of diamonds, they would still have made the small slam doubled and re-doubled.

It is unusually interesting to note that North and South could have made a grand slam in diamonds by taking the finesse in hearts and

CINEMA SCREENINGS.

NOTES SUPPLIED BY THE THEATRES.

Wallace Beery is surrounded by some of the greatest names in the sport world in his new starring picture, "Flash," now showing at the Queen's Theatre.

In addition to the regular cast which includes Karen Morley, Ricardo Cortez, Jean Hersholt and John Miljan, the picture employed a crew of huskies which by comparison makes Captain Kidd's plug-uglies look almost effeminate.

This crew comprises some twenty or more wrestlers, fighters, weight lifters, football players and others of red-blooded athletic repute. Once champions in their respective sports, they are now rounding out their years as actors—and Beery says they are good actors.

Beery has the role of Polkai, a wrestling walter who becomes champion of Germany, and comes to America, where he runs a school of a crooked wrestling ring, besides getting himself entangled in an illicit love affair between Karen Morley and Ricardo Cortez.

"Under-Cover Man."

Set a thief to catch a thief, has long been an accepted axiom, but seldom has it been developed so dramatically and in so unusual a manner as in "Under-Cover Man," the new film showing from Thursday at the Queen's Theatre. Here is Melodrama at its best, in a setting of Wall Street and Park Avenue—the upper-underworld in its new trappings of elegance.

Fresh from his triumph in "Night After Night," George Raft gives another performance of outstanding merit in the role of Nick Darrow, a high-class confidence man, who offers his services to the police as an undercover man, for the sole purpose of finding the murderer of his father. This Nick Darrow, of the steel nerves, a crook who has always worked alone, gives the police inspector to understand that he's not turning stool-pigeon; he doesn't like the police any better than he ever did; but he'll play along with the department until he accomplishes his revenge.

Nancy Carroll, has the role of the girl, Lora Morgan, whose motive is also revenge, for the same gang which killed Nick's father, murdered her brother, a bank-runner. Looking more beautiful than ever in the past, Miss Carroll gives a moving and dramatic performance. She and Raft, in fact, make a good team.

"Indiscreet."

Is it worth while for an older sister to risk the destruction of her own romance in order to frustrate a discarded lover's attempt to win her younger sister?

This is the situation in which Gloria Swanson, as the very modern Jerry Trent, finds herself in her new United Artists picture "Indiscreet" showing at the King's Theatre.

Miss Swanson's leading man is Ben Lyon. He appears as a novelist, Tony Blake, whose love for Jerry Trent undergirds more than an acid test, once she decides to guide her sister's destiny.

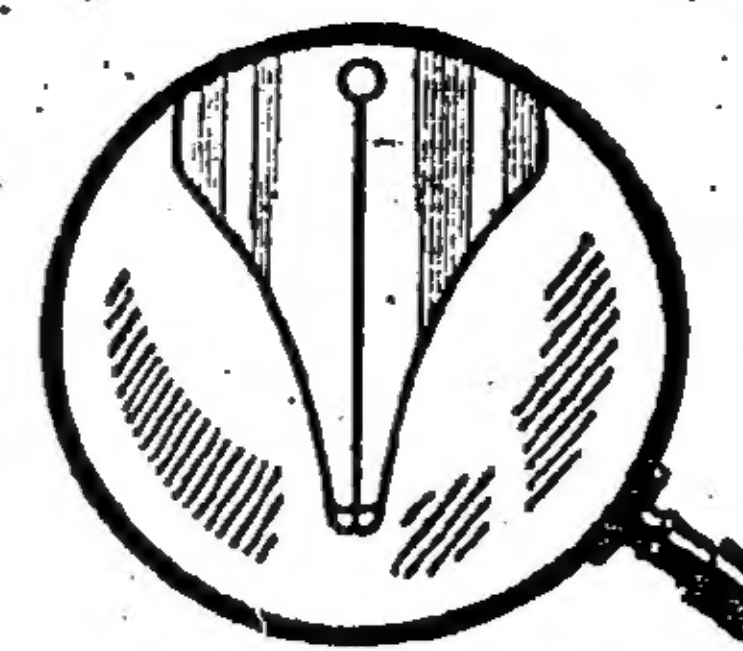

Monroe Owsley in the former lover and Barbara Kent is the younger sister. Other members of the cast are Auther Lake and Maude Eburne.

"Wedding Rehearsal."

Roland Young's polished and sophisticated acting has never been seen to better advantage than in the new Ideal picture "Wedding Rehearsal," which is the first offering of London Film Productions Ltd. In this film, which has been directed by Alexander Korda, the producer of "Service For Ladies," hailed by many critics as one of the finest English films to date, Roland Young plays the part of a Guards officer whose hobby is the difficult art of remaining a bachelor. Ever ready to act as best man at his friend's wedding, he is remarkably astute at avoiding being led to the altar himself. When his strong-willed grandmother, played by Kate Cutler, decrees that he is to marry within a year and hands him a list of "possibles," the situation develops into one of spontaneous gaiety.

Playing with Roland Young in "Wedding Rehearsal" are John Loder, George Grossmith, Lady Rees, Wendy

catching the lone king of diamonds with the ace. Therefore the possible swing on this hand is close to 5000 points—perhaps one of the largest swings seen in tournament play.

This smooth point makes smooth writing.

"Pressureless writing"—that's one good reason why more people use Parker Duofolds than any other pen. The easy-writing secret is in a tiny drop of ink, always ready to touch paper a split second before the smooth gold point itself. Other Parker features: Leak-proof, a n-breakable barrel, 6000 words on a single filling of ink. Exquisite colors. At good stores everywhere.

Barrie, Maurice Evans, Morton Selten, Edmund Breen and Lawrence Hanray. "Wedding Rehearsal" will be shown at the King's Theatre on Wednesday.

"Panama Flo."

For the first time since "her Man," Helen Twelvetrees again reverts to the type of characterization which won her stardom in "Panama Flo," an EKO Pathé picture, which opens today at the Central Theatre. This, in itself, was not easy because she is pressed at every turn by the splendid efforts of Robert Armstrong and Charles Bickford.

Ralph Murphy handled the direction and the production with precision and finesse, getting every bit of drama out of the story and keeping it moving at a rapid pace. Others in the supporting cast are Paul Hurst, Maude Eburne, Reina Velez and Marjorie Paterson.

LOVE OR MONEY?

(Continued from Page 5.)

told you took the place of her heart—leaped strangely at these words. She thought to herself, "Can it be that I'm falling in love with him?" By "him" Lottie meant Steve Saccorrell.

She tucked her slippered feet beneath her on the chaise longue and her eyes became pensive. Wearing blue velvet pajamas Lottie looked like a lovely blonde angel. Her thoughts were interrupted by the shrill ringing of the telephone. Lottie groaned. "Let the thing ring! We can't be bothered. Let it ring."

This was precisely what the telephone did. The instrument continued to jangle noisily until Lottie rose unwillingly and flung herself down in a chair, prepared for an exhaustive chat. Lottie was a victim of "telephobia," once she persuaded herself to take up the receiver.

Her voice answered sharply and rather anxiously, Mona thought. Almost immediately Lottie was back in the living room.

"It's for you," she said. "For me?" Mona looked blank. "Why, no one knows I'm here—not even Mother!"

Lottie shrugged. "Then it's someone who took great pains to locate you," she observed.

Mona took up the telephone, and said "Hello." The voice at the other end of the wire was that of Morgan, Barry Townsend's valet.

Mr. Townsend presented his compliments and asked if the young ladies would care to come up for a late supper? The gentlemen were dressing, and they had instructed Morgan to call several numbers until Miss Moran was located.

As a matter of fact Morgan had been instructed to call out "the police, the fire department and the marines" but the discreet valet understood these exaggerations and modified his instructions to suit the circumstances.

The car would call for the young ladies in half an hour, he said. "Let's go," urged Mona. "Do, Lottie! I can't go alone. Steve's been busy at some business or other and I haven't seen him for an age."

"All of two days I'll bet! However, I like to see the young folks get together and far be it from me, Lottie Carr, to ruin any love-lorn maiden's plans!"

The blue velvet pajama jacket went hurrying across the room, caught on a picture frame over Lottie's bed. She burrowed in the closet, selecting an evening gown for herself and another for Mona.

Mona wheeled about. "Love-lorn?—What do you mean by that?" "What do I mean by love-lorn? Why, just that. Love-lorn! You're head over heels in love."

"Don't be ridiculous, Lottie." Lottie held her gown, a soft white halo of chiffon, above her lovely head. She let it fall and instantly she was smiling her provoking smile.

"So I'm ridiculous?" she said setting the gown carefully about her hips and surveying the effect in the mirror. Then she looked back at Mona. "Ridiculous? Not at all! You're in love, my girl, or my name isn't Lottie Sherlock William Burns Carr."

"Do you think I'm in love with Steve Saccorrell? Why, you know I'm not!" "I didn't say Steve. You're in love with Barry Townsend!"

"Barry? What in the world makes you think that?" "Oh, I read it in the Gazette. Now hurry! Let's be off to the festivities. And, by the way, I'll take care of Steve. He won't mind!"

"I'll call up Bud," Mona decided as they were about to leave the apartment. "I'll tell him I'm going to be home late."

Her telephone call was promptly followed by another. It was a message from Buck Harkins to Bud Moran.

"Go after her in a couple of hours," Buck instructed. "Tell her your mother is sick, see? And while she's putting on her hat get an impression of the door. Keep your eyes open Kid, and your mouth shut. It's a safe bet Steve will show those girls that diamond to-night!"

"Go after her in a couple of hours," Buck instructed. "Tell her your mother is sick, see? And while she's putting on her hat get an impression of the door. Keep your eyes open Kid, and your mouth shut. It's a safe bet Steve will show those girls that diamond to-night!"

THEFTS FROM SHIPS

POLICE COMMENCE CAMPAIGN

An effort is being made by the
police to stamp out the boarding
of vessels in Harbour by un-
authorised persons.

This morning at the Marine
Court before Commander Newill,
nine Chinese were charged with
being on board the s.s. Hong Ping
without permission and without
lawful excuse.

The prosecuting officer said the
practice was reaching alarming
proportions. They were constantly
receiving complaints from pas-
sengers and officers of vessels who
were victims of theft.

All accused pleaded guilty and
seven were fined \$10 or one month.
Two others were sentenced to six
months without the option of fine.

MINOR RIOT AT STREET CORNER

INDIAN CONSTABLES STONED

Mr. Wynne-Jones, in the Central
Police Court this morning,
discharged a Chinese, who was
charged with obstructing an In-
dian constable in the execution
of his duty.

It was stated that defendant
prodded the constable in the face
with the broken end of a bamboo
pole. A large crowd collected,
and two other Indian policemen
who joined their comrade, were
pelted with stones. The incident
occurred at the junction of Gram
Street and Stanley Street.
The Magistrate disbelieved the
evidence of the prosecution.

CHINESE OFFENSIVE

FRESH DIVISIONS GOING UP

SEVERE FIGHTING

Peking, April 25.

Chinese official reports show
that the Central Government
and Shansi troops are continu-
ing their counter-offensive in
the region of Kupeikow and
Hsifengkou.

Shang Chan's troops are still
holding Chien-An-Hsien, which
they wrested from the Japanese
yesterday after stiff fighting, al-
though they are being subjected
to a terrible aerial bombardment.

Several fresh divisions are short-
ly to be thrown into the battle
area. A large number of troops
under General Feng Chen-wu are
now on route to Peking and the
Peking Military Council is making
arrangements for through transit
to the scene of the fighting.

The battle round Hsifengkou ap-
pears to have developed into an
artillery duel, in which the Jap-
anese are vastly superior, although
Chinese reports state that they
have given up their infantry as-
saults which have all been beaten
off with heavy loss.—Special.

ALL-DAY ATTACKS.

Peking, Apr. 25.

Chinese reports state that the
Japanese at Kupeikow renewed
their attacks all yesterday, but
without gaining any ground.

An attempt to turn the Chinese
left flank similarly failed, in spite
of a heavy artillery fire poured
into the Chinese positions.—

COMPANY WOUND UP

HEAVY LIABILITIES REVEALED

On the Supreme Court this mor-
ning Mr. Justice Wood (acting
Chief Justice) wound up the Tang
Hing Company Limited, of 93,
Connaught Road, after hearing a
petition presented to the Court by
Leong Hui-tsang, 93, Tai Nam
Street, Shamshui, represented
by Mr. H. C. Macnamara (Instruc-
ted by Mr. Nigel, Messrs. Johnson,
Stokes and Maistr).

Mr. Macnamara stated that the
capital of the company was \$30,000
of which sum \$10,000 had been
paid up according to the annual
return dated July 26, 1932.

The Company was indebted to
the petitioner in the sum of \$15,-
000, being money lent by peti-
tioner to the company together
with interest at the rate of 1.2
per cent. per month. Application
for payment of the debt had been
made but payment was not forth-
coming as the company was in-
solvent.

The company's liabilities were
approximately \$28,000, whereas
the assets consisted solely of ma-
chinery, stock, trade-mark and
good will.

In addition the company had
obtained judgment in an
original jurisdiction action for
\$20,000 but it was doubtful whe-
ther that sum would be recovered.
Work had stopped at their factory
in December 1932 owing to lack
of funds.

Three O. J. actions had already
been started against the company
and distress for rent had been
put in and was unsatisfied.
